BE IT ORDAINED AND ENACTED BY THE PUTNAM COUNTY BUILDING COMMISSION:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 33 of the West Virginia Code of 1931, as amended (the "Act") and certain provisions of Chapter 8, Article 16 of the West Virginia Code of 1931, as amended (collectively with the Act, the "Bond Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Putnam County Building Commission (the "Issuer") is a public corporation with perpetual existence and a county building commission within the meaning

of the Act, duly created pursuant to a resolution adopted by the County Commission of Putnam County (the "County Commission") on August 28, 1980.

B. The Issuer does not presently own or operate a public waterworks system. However, the County Commission has requested and it is deemed necessary and desirable for the health and welfare of the inhabitants of Putnam County that there be acquired and constructed a public waterworks system of the Issuer, consisting of certain water lines and mains, together with all appurtenant facilities, (collectively, the "Project" or the "Series 2000 A Facilities").

C. The Issuer has determined that the Series 2000 A Facilities should be operated, maintained, repaired and replaced by West Virginia-American Water Company, a West Virginia corporation (the "Company"), pursuant to the terms of an Agreement by and between the Issuer and the Company, to be executed in January, 2000, (the "2000 A O & M Agreement").

D. The County Commission, with the assistance of the Company, has provided the Issuer with plans and specifications for the acquisition, construction and equipping of the Project, which plans and specifications have been prepared by the Company as Consulting Engineers and have heretofore been filed with the Issuer. The Issuer has agreed to appoint the Company, and the Company has agreed to accept such appointment, as its agent for the purpose of acquisition, construction and equipping of the Project. The Issuer and the County Commission have also determined that the customers served by the Series 2000 A Facilities should pay a monthly surcharge to the County Commission (the "Surcharges"), which Surcharges have been approved by the West Virginia Public Service Commission.

E. The Issuer will receive all of its Revenues (hereinafter defined) under and pursuant to the 2000 A O & M Agreement, which has been approved by the Public Service Commission of West Virginia. The Revenues to be paid by the Company to the Issuer under the 2000 A O & M Agreement will be sufficient to pay all cost of operation and maintenance of the System, to pay the principal of and interest on the Series 2000 A Bonds and to make payments into all funds and accounts and other payments provided for herein.

F. It is deemed necessary for the Issuer to issue its Waterworks Revenue Bonds, Series 2000 A (West Virginia Water Development Authority), in the total aggregate principal amount of not more than \$10,000,000 (the "Series 2000 A Bonds"), initially to be represented by a single bond, to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2000 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for

plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the West Virginia Water Development Authority (the "Authority"), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2000 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2000 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

G. The period of usefulness of the Series 2000 A Facilities after completion of the Project is not less than 40 years.

H. It is in the best interests of the Issuer that its Series 2000 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered into by and between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution of the Issuer.

I. There are no outstanding bonds or other obligations of the Issuer which will rank prior to or on a parity with or junior and subordinate to the Series 2000 A Bonds as to liens, pledge, source of and security for payment.

J. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Series 2000 A Facilities and issuance of the Series 2000 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project by the West Virginia Infrastructure and Jobs Development Council and the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the date of issuance of the Series 2000 A Bonds or such final order will not be subject to appeal or rehearing.

K. The Project has been approved by the West Virginia Infrastructure and Jobs Development Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2000 A Bonds by the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the

The proceeds of any such sale shall be deposited in the Revenue Fund. The Issuer shall permit the Authority, or its agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority, or its agents and representatives, with access to the Series 2000 A Facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the Series 2000 A Facilities pursuant to the Act.

In the event the Agreement is terminated, the Issuer shall comply with the requirement of Section 4.1(b)(ii) of the Loan Agreement.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the Series 2000 A Facilities so long as any of the Series 2000 A Bonds are Outstanding.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the Series 2000 A Facilities.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the Series 2000 A Facilities, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services of the Series 2000 A Facilities shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the Series 2000 A Facilities. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the Series 2000 A Facilities, to all users of the services of the Series 2000 A Facilities delinquent in payment of charges for the services of the Series 2000 A Facilities and will not restore such services until all delinquent charges for the services of the Series 2000 A Facilities, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the Series 2000 A Facilities, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the services provided by the Series 2000 A Facilities, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the Series 2000 A Facilities, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the Series 2000 A Facilities.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the Series 2000 A Facilities. Such insurance shall initially cover the following risks and be in the following amounts:

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer

shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the Series 2000 A Facilities to connect thereto.

Section 7.17. Completion of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the Series 2000 A Facilities in good condition and in compliance with all federal and state requirements and standards. The Issuer shall take all steps to properly operate and maintain the Series 2000 A Facilities and make all necessary repairs and replacements so long as the Series 2000 A Bonds are outstanding. To the extent maintenance is done by the Company, the Issuer shall enforce the provisions of the 2000 A O & M Agreement to fulfill compliance with this covenant.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the Series 2000 A Facilities.

Section 7.18. Compliance with Loan Agreement and Law. Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2000 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

B.. **FURTHER ACTIONS.** The Issuer will take any and all actions that may be deemed necessary by the Authority so that the interest on the obligations of the Authority, the proceeds of which were used by the Authority to purchase the Series 2000 A Bonds, will be and remain excludable from gross income for federal income tax purposes.

Section 7.20. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

INVESTMENT OF FUNDS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, a summary of such funds, accounts and investment earnings. DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer or Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including, but not limited to, the making and collection of sufficient rates or charges for services rendered by the Series 2000 A Facilities, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and, after commencement of operation of the Series 2000 A Facilities, the making and collection of sufficient rates and charges for services rendered by the Series 2000 A Facilities and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all

other remedies or rights, have the right, by appropriate legal proceedings, to obtain the appointment of a receiver to administer the Series 2000 A Facilities or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the Series 2000 A Facilities, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said Series 2000 A Facilities and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the Series 2000 A Facilities shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the Series 2000 A Facilities shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the Series 2000 A Facilities in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the Series 2000 A Facilities, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the Series 2000 A Facilities for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said Series 2000 A Facilities shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the Series 2000 A Facilities.

In the event that the Bondholder should exercise its rights under this Article IX or any other rights available to it provided under law upon the occurrence of a default by the Issuer, and the 2000 A O & M Agreement has not been terminated, the 2000 A O & M Agreement shall remain in effect.

BE IT ORDAINED AND ENACTED BY THE PUTNAM COUNTY BUILDING COMMISSION:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 33 of the West Virginia Code of 1931, as amended (the "Act") and certain provisions of Chapter 8, Article 16 of the West Virginia Code of 1931, as amended (collectively with the Act, the "Bond Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Putnam County Building Commission (the "Issuer") is a public corporation with perpetual existence and a county building commission within the meaning

of the Act, duly created pursuant to a resolution adopted by the County Commission of Putnam County (the "County Commission") on August 28, 1980.

B. The Issuer does not presently own or operate a public waterworks system. However, the County Commission has requested and it is deemed necessary and desirable for the health and welfare of the inhabitants of Putnam County that there be acquired and constructed a public waterworks system of the Issuer, consisting of certain water lines and mains, together with all appurtenant facilities, (collectively, the "Project" or the "Series 2000 A Facilities").

C. The Issuer has determined that the Series 2000 A Facilities should be operated, maintained, repaired and replaced by West Virginia-American Water Company, a West Virginia corporation (the "Company"), pursuant to the terms of an Agreement by and between the Issuer and the Company, to be executed on January 26, 2000, (the "2000 A O & M Agreement").

D. The County Commission, with the assistance of the Company, has provided the Issuer with plans and specifications for the acquisition, construction and equipping of the Project, which plans and specifications have been prepared by the Company as Consulting Engineers and have heretofore been filed with the Issuer. The Issuer has agreed to appoint the Company, and the Company has agreed to accept such appointment, as its agent for the purpose of acquisition, construction and equipping of the Project. The Issuer and the County Commission have also determined that the customers served by the Series 2000 A Facilities should pay a monthly surcharge to the County Commission (the "Surcharges"), which Surcharges have been approved by the West Virginia Public Service Commission.

E. The Issuer will receive all of its Revenues (hereinafter defined) from the Company under and pursuant to the 2000 A O & M Agreement, which has been approved by the Public Service Commission of West Virginia. The Revenues will be sufficient to pay all cost of operation and maintenance of the System, to pay the principal of and interest on the Series 2000 A Bonds and to make payments into all funds and accounts and other payments provided for herein.

F. It is deemed necessary for the Issuer to issue its Waterworks Revenue Bonds, Series 2000 A (West Virginia Water Development Authority), in the total aggregate principal amount of not more than \$10,000,000 (the "Series 2000 A Bonds"), initially to be represented by a single bond, to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2000 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for

plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the West Virginia Water Development Authority (the "Authority"), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2000 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2000 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

G. The period of usefulness of the Series 2000 A Facilities after completion of the Project is not less than 40 years.

H. It is in the best interests of the Issuer that its Series 2000 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered into by and between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution of the Issuer.

I. There are no outstanding bonds or other obligations of the Issuer which will rank prior to or on a parity with or junior and subordinate to the Series 2000 A Bonds as to liens, pledge, source of and security for payment.

J. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Series 2000 A Facilities and issuance of the Series 2000 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project by the West Virginia Infrastructure and Jobs Development Council and the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the date of issuance of the Series 2000 A Bonds or such final order will not be subject to appeal or rehearing.

K. The Project has been approved by the West Virginia Infrastructure and Jobs Development Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2000 A Bonds by the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the

Bondholders of any and all of such Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bonds and by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. A. The entire Revenues received by the Issuer shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) So long as the 2000 A O & M Agreement is in effect, the Company shall be responsible for paying all Operating Expenses. In the event the 2000 A O & M Agreement is terminated, the Issuer shall first, each month, pay from the Revenue Fund all Operating Expenses.

(2) The Issuer shall next, on the first day of each month, commencing 7 months prior to the first date of payment of

interest on the Series 2000 A Bonds for which interest has not been capitalized, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 2000 A Bonds Sinking Fund, an amount equal to 1/6th of the amount of interest which will become due on the Series 2000 A Bonds on the next ensuing semiannual interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2000 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

All investment earnings on moneys in the Series 2000 A Bonds Sinking Fund shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2000 A Bonds Construction Trust Fund, and following completion of construction of the Project, shall be returned to the Issuer and used first for the payment of interest on or principal of the Issuer's Waterworks Lease Revenue Bonds, Series 2000 B (West Virginia Water Development Authority), dated January 27, 2000 (the "Series 2000 B Bonds"), and subsequently for any lawful purpose of the Series 2000 A Facilities or the Series 2000 B Facilities (as such term is defined in the ordinance authorizing the Series 2000 B Bonds).

As and when additional Bonds ranking on a parity with the Series 2000 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account, if any, in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 2000 A Bonds Sinking Fund when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2000 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the Series 2000 A Facilities.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges, fees and expenses then due. H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Revenues shall only be used for purposes of the Series 2000 A Facilities.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2000 A Bonds are Outstanding.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2000 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer or Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Series 2000 A Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including, but not limited to, the making and collection of sufficient rates or charges for services rendered by the Series 2000 A Facilities, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Series 2000 A Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and, after commencement of operation of the Series 2000 A Facilities, the making and collection of sufficient rates and charges for services rendered by the Series 2000 A Facilities and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all

other remedies or rights, have the right, by appropriate legal proceedings, to obtain the appointment of a receiver to administer the Series 2000 A Facilities or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the Series 2000 A Facilities, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said Series 2000 A Facilities and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the Series 2000 A Facilities shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the Series 2000 A Facilities shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the Series 2000 A Facilities in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the Series 2000 A Facilities, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the Series 2000 A Facilities for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said Series 2000 A Facilities shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the Series 2000 A Facilities.

In the event that the Bondholder should exercise its rights under this Article IX or any other rights available to it provided under law upon the occurrence of a default by the Issuer, and the 2000 A O & M Agreement has not been terminated, the 2000 A O & M Agreement shall remain in effect.

ARTICLE X

DEFEASANCE

Section 10.01. Defeasance of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all of the Series 2000 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2000 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

Series 2000 A Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due either at maturity or at the next redemption date, the principal installments of and interest on such Series 2000 A Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 2000 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of and interest due and to become due on said Series 2000 A Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 2000 A Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

ARTICLE XI

AND FIXTURE FILING

"THIS INSTRUMENT CONTAINS AFTER ACQUIRED PROPERTY PROVISIONS"

"THIS DEED OF TRUST IS FILED FOR RECORD IN THE REAL ESTATE RECORDS AS A FIXTURE FILING PURSUANT TO WEST VIRGINIA CODE SECTION 46-9-402"

THIS DEED OF TRUST, SECURITY AGREEMENT AND FIXTURE FILING (the "Deed of Trust"), made as of January 27, 2000, by and among THE PUTNAM COUNTY BUILDING COMMISSION, a public corporation and county building commission (hereinafter called "Grantor"), whose address is 89 Winfield Road, Winfield, West Virginia, 25213, Attention: Chairman, party of the first part, DANIEL B. YONKOSKY and BARBARA B. MEADOWS, whose addresses are set forth below, (hereinafter collectively called the "Trustee"), party of the second part, and the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY, a governmental instrumentality and body corporate of the State of West Virginia, as beneficiary (hereinafter called "Beneficiary"), whose address is 180 Association Drive, Charleston, West Virginia 25311, Attention: Director, party of the third part.

WITNESSETH: That for and in consideration of the indebtedness, obligations and trusts hereinafter set forth and the sum of Ten Dollars (\$10.00), cash in hand paid, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby grant and convey unto Trustee and, other than the Premises, as hereinafter defined, to the Beneficiary:

(A) All that certain real estate more particularly set forth and described in "SCHEDULE A - REAL ESTATE," attached hereto and made a part hereof, together with all rights, privileges, easements, hereditaments and appurtenances thereunto belonging or appertaining (the "Premises");

(B) All right, title and interest of the Grantor in and to all buildings, structures and improvements of every kind or character now or at any time hereafter erected, constructed or placed upon the Premises or any part thereof (the "Improvements"), and all fixtures attached to or contained in and used in connection with the Premises, including, but not limited to, all lighting, heating, ventilating, air conditioning, plumbing, water and power systems, equipment and apparatus, engines and machinery, boilers, furnaces, gas, electrical or electronic equipment, furniture, furnishings, carpeting and appliances, equipment, inventory (the "Fixtures"), and all other tangible personal property

of every kind and character whatsoever, used in connection with or otherwise appertaining to the Premises, including all equipment and items now or hereafter affixed or attached to said buildings, structures or improvements or as shall now or hereafter be used or procured in connection with the use, occupancy, operation or maintenance of said buildings, improvements and structures and/or the Premises (the "Equipment"), together with any and all substitutions or replacements thereof;

(C) All right, title and interest of the Grantor, as lessee or sublessee, in and to any and all leases and subleases of equipment, furniture, personal property and facilities located on or used in connection with the Premises, now existing or hereafter executed by the Grantor (the "Leasehold Estates");

(D) All right, title and interest of the Grantor in and to all income, rents, revenues, security and other deposits, issues, profits, earnings, products and proceeds from any and all of the Premises, Improvements, Fixtures, Equipment and/or Leasehold Estates (all of the foregoing being collectively referred to as the "Rents, Issues and Profits"), together with the right to collect and apply the same to any indebtedness secured hereunder but subject, however, to the right of the Grantor to collect the Rents, Issues and Profits as long as Grantor is not in default hereunder. The foregoing assignment shall be fully operative without any further action on the part of any party hereto. The Beneficiary shall be entitled, at its option upon the occurrence of an Event of Default, as hereinafter defined, to all Rents, Issues and Profits from the Premises, Improvements, Fixtures, Equipment and/or Leasehold Estate whether or not Beneficiary takes possession of the Premises. Upon the occurrence of an Event of Default, the permission hereby given to the Grantor to collect such Rents, Issues and Profits shall terminate, and such permission shall not be reinstated, upon a cure of the default without Beneficiary's specific consent. Neither the exercise of any rights under this paragraph by the Beneficiary nor the application of any such Rents, Issues and Profits, to the Secured Debt, as hereinafter defined, shall cure or waive any Event of Default or notice of any Event of Default hereunder or invalidate any act done pursuant hereto or to any such notice, but shall be cumulative of all other rights and remedies.

The foregoing provisions hereof shall constitute an absolute and present assignment of the rents, income and other benefits from the property described in the granting clauses above, subject, however, to the conditional permission given to the Grantor to collect and use such rents, income and other benefits as hereinabove provided; and the existence or exercise of such right of the Grantor shall not operate to subordinate this assignment to any subsequent assignment, in whole or in part, by the Grantor, and any such subsequent assignment by the Grantor shall be subject to the rights of Beneficiary hereunder; and

(E) All proceeds of the conversion, voluntary or involuntary, of any of the foregoing into cash or liquidated claims, including, but not limited to (i) all proceeds of insurance or condemnation awards or other guaranties or warranties which Grantor now has or may hereafter acquire with respect to the Premises, Improvements, Fixtures, Equipment

and Leasehold Estates and/or the Rents, Issues and Profits and all proceeds of any sales or other dispositions of the property comprising any part thereof; and Beneficiary is hereby authorized to collect and receive said awards and proceeds and to give proper receipts and acquittances therefor, and (if it so elects) to apply the same toward the payment of the indebtedness and other sums secured hereby, notwithstanding the fact that the amount owing thereon may not then be due and payable; (ii) all contract rights, general intangibles, actions and rights in action, including without limitation all rights to insurance proceeds and unearned premiums arising from or relating to the Premises, Improvements, Fixtures, Equipment and Leasehold Estates above; and (iii) all proceeds, products, replacements, additions, substitutions, renewals and accessions of and to the Premises, Improvements, Fixtures, Equipment and Leasehold Estates.

All of the foregoing are sometimes hereinafter collectively referred to as the "Secured Property" and shall secure the indebtedness described hereinbelow.

TO HAVE AND TO HOLD the Secured Property unto the Trustee or the Beneficiary, or both, as the case may be, and their successors in trust forever; and Grantor does hereby covenant to and with Trustee and Beneficiary, their successors and assigns, that Grantor will warrant specially the Secured Property hereby conveyed; that Grantor has the right to grant and convey the Secured Property to Trustee or the Beneficiary, or both, as the case may be; that the same is free from any and all liens and encumbrances other than Permitted Encumbrances as defined in the Ordinance of the Grantor enacted January 5, 2000, (the "Ordinance"); that Trustee shall have quiet possession thereof and that Grantor will execute and deliver such other and further assurances of the Secured Property as may be requisite, including, but not limited to, the execution and delivery of financing statements, continuation statements and such other instruments as Beneficiary may require to impose the lien and security interest hereof more specifically upon any item or items of property, or rights or interests therein, covered by this Deed of Trust, and will do such other and further reasonable acts as Beneficiary or Trustee may require to carry out more effectually the purposes of this Deed of Trust.

IN TRUST NEVERTHELESS to secure the payment of the Waterworks Revenue Bond, Series 2000 A (West Virginia Water Development Authority) of Grantor, of even date herewith, purchased by Beneficiary, in the original principal amount of \$6,610,000 (the "Bond"), which sum is the amount secured by this Deed of Trust, as provided under the terms of a Loan Agreement by and between the Grantor and the Beneficiary, of even date herewith (the "Loan Agreement"). The address of said Beneficiary, the beneficial owner of the indebtedness secured hereby at the time of execution and delivery hereof, is the West Virginia Water Development Authority, a governmental instrumentality and body corporate of the State of West Virginia, whose address is 180 Associate Drive, Charleston, West Virginia, 25311, Attention: Director. This Deed of Trust also secures any and all replacements, extensions, modifications and/or renewals of said Bond, or any part thereof, however changed in form, manner or amount, and all other indebtedness of Grantor to

Beneficiary or Trustee or otherwise, at any time and from time to time arising hereunder or under the Loan Agreement, and any and all replacements, extensions, modifications and/or renewals of such other indebtedness (all of which indebtedness, together with the interest thereon, is sometimes hereinafter collectively referred to as the "Secured Debt"). The Secured Debt matures on June 1, 2039.

ALL NOTICES OF LIENS OR CLAIMS PURSUANT TO WEST VIRGINIA CODE §38-1-14(b) AGAINST THE SECURED PROPERTY COVERED HEREBY SHALL BE SENT TO THE BENEFICIARY, AS PRIMARY LIENHOLDER, AT THE ADDRESS SET FORTH IN PARAGRAPH 12 HEREOF.

Grantor, for and in the consideration aforesaid, covenants, represents, warrants and agrees as follows:

1. That it will, so long as the Secured Debt, or any part thereof, remains unpaid: (a) pay as and when due and payable all taxes, assessments, impositions and other governmental charges, fines and fees that may be levied or assessed against the Secured Property or any part thereof, including the buildings and improvements now situate on the Premises, or that may hereafter be erected thereon, and any improvements and additions made therein or thereto from time to time, all as provided in the Loan Agreement and subject to the terms thereof; (b) have and keep the buildings and improvements now situate on the Premises or that may hereafter be erected thereon, and all other insurable property covered by this Deed of Trust, constantly insured against loss or damage by fire and such other casualties, contingencies and hazards as set forth in the Loan Agreement and subject to the terms thereof; (c) keep and maintain the Secured Property in good condition and repair and not abandon the same, or any part thereof, as provided in the Loan Agreement and subject to the terms thereof, nor commit or permit the commission of waste on or in the Secured Property, or any part thereof, or permit any building or improvement to be removed, destroyed, demolished or structurally altered in whole or in part except as permitted by the Loan Agreement, and Grantor shall comply with all leases and subleases of any part of the Secured Property, including, without limitation, the payment of all leasehold payments thereunder, and shall, as provided in the Loan Agreement and subject to the terms thereof, comply, and cause all occupants of the Secured Property or those in possession thereof to comply, with all laws, ordinances, orders, rules, regulations and requirements relating to the use or maintenance of the Secured Property and with all requirements, directions and orders and notices of violations thereof issued by any governmental agency, body or officer; (d) permit Trustee or Beneficiary, or either of them, or their agents, to enter and inspect the Secured Property at all reasonable times; (e) pay to Trustee, or to Beneficiary, upon demand, any and all sums of money, including all costs, expenses and reasonable attorneys' fees, which Trustee or Beneficiary, or any of them, may incur or expend in any action or proceeding that may concern the Secured Property, or any part thereof or interest therein, including without limitation any eminent domain proceeding, or any action or proceeding to sustain the lien of this Deed of Trust, or its priority, or in defending any party thereto, or any

party secured hereby, against the liens, demands or claims of title of any person, firm or corporation, asserting priority over this Deed of Trust, or asserting title adverse to the title under which Trustee holds, or in the discharge of any such liens, demands or claims, or in connection with any action to foreclose this Deed of Trust, or to recover any indebtedness secured hereby or any other payments made on behalf of the Grantor pursuant to the Loan Agreement.

2. The terms "hazardous waste," "hazardous substance," "disposal," "release," and "threatened release," as used in this Deed of Trust, shall have the same meanings as set forth in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. Section 9601, et seq. ("CERCLA"), the Superfund Amendments and Reauthorization Act of 1986, Pub. L. No. 99-499 ("SARA"), the Hazardous Materials Transportation Act, 49 U.S.C. Section 1801, et seq., the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901, et seq., or other applicable state or Federal laws, rules, or regulations adopted pursuant to any of the foregoing. The terms "hazardous waste" and "hazardous substance" shall also include, without limitation, petroleum and petroleum by-products or any fraction thereof and asbestos. Grantor represents, covenants, and warrants to Beneficiary that: (a) During the period of Grantor's ownership of the Secured Property, there has been no use, generation, manufacture, storage, treatment, disposal, release or threatened release of any hazardous waste or substance by any person on, under, about or from the property; (b) Grantor has no knowledge of, or reason to believe that there has been, except as previously disclosed to and acknowledged by Beneficiary in writing, (i) any use, generation, manufacture, storage, treatment, disposal, release, or threatened release of any hazardous waste or substance on, under, about or from the Secured Property by any prior owners or occupants of the Secured Property or (ii) any actual or threatened litigation or claims of any kind by any person relating to such matters; and (c) Except as previously disclosed to and acknowledged by Beneficiary in writing, (i) neither Grantor nor any tenant, contractor, agent or other authorized user of the Secured Property shall use, generate, manufacture, store, treat, dispose of, or release any hazardous waste or substance on, under, about or from the Secured Property and (ii) any such activity shall be conducted in compliance with all applicable federal, state, and local laws, regulations and ordinances, including without limitation those laws, regulations, and ordinances described above. Grantor authorizes Beneficiary and its agents to enter upon the Secured Property to make such inspections and tests, at Grantor's expense, as Beneficiary may deem appropriate to determine compliance of the Secured Property with this Section of the Deed of Trust. Any inspections or tests made by Beneficiary shall be for Beneficiary's purposes only and shall not be construed to create any responsibility or liability on the part of Beneficiary to Grantor or to any other person. The representations, covenants, and warranties contained herein are based on Grantor's due diligence in investigating the Secured Property for hazardous waste and hazardous substances. Grantor hereby (a) releases and waives any future claims against Beneficiary and Trustee for indemnity or contribution in the event Grantor becomes liable for cleanup or other costs under any such laws, and (b) agrees to indemnify and hold harmless Beneficiary and Trustee against any and all claims, losses, liabilities, damages, penalties, and

expenses which Beneficiary or Trustee may directly or indirectly sustain or suffer resulting from a breach of this Section of this Deed of Trust or as a consequence of any use, generation, manufacture, storage, disposal, release or threatened release occurring prior to Grantor's ownership or interest in the Secured Property, whether or not the same was or should have been known to Grantor.

The Secured Property, or some substratum of the Secured Property, does not contain an underground storage tank or tanks. To the extent that there may be some obligation under state or federal law imposed upon the Beneficiary or the Trustee with respect to any such underground storage tank, the Grantor warrants that such tank or tanks, and all lines and connections thereto have been properly inspected and tested, and all such tanks, lines and connections are tight such that there is no leakage therefrom. Grantor hereby (a) releases and waives any future claims against Beneficiary and Trustee for indemnity or contribution in the event Grantor becomes liable for clean-up or other costs associated with such tanks, lines and connections, and (b) agrees to indemnify and hold harmless Beneficiary and Trustee against any and all claims, losses, liabilities, damages, penalties, and expenses which Beneficiary or Trustee may directly or indirectly sustain or suffer resulting from a breach of this Section of this Deed of Trust or as a consequence of any use, storage, disposal, release or threatened release from such tanks, lines and connections, whether or not the same was or should have been known to Grantor.

The provisions of this Section of this Deed of Trust, including the obligations to indemnify and hold harmless, shall survive the payment of the Secured Debt and the satisfaction and reconveyance of the lien of this Deed of Trust and shall not be affected by Beneficiary's acquisition of any interest in the property, whether by foreclosure or otherwise.

3. The Bond secured by this Deed of Trust is in the principal amount of \$6,610,000, plus interest thereon, and is purchased by the Beneficiary pursuant to the terms of the Loan Agreement, the proceeds of which are being used by Grantor pursuant to the terms of the Loan Agreement for the purposes of financing the acquisition, construction and equipping of new waterworks facilities, together with all appurtenant facilities, in Putnam County, West Virginia (the "Project"). The Loan Agreement is hereby incorporated into and made a part of this Deed of Trust as if set forth in full herein.

4. In the event Grantor fails (a) to make any payment required, or fails to comply with, perform or carry out any of the provisions of paragraphs 1 or 2 hereof, or (b) to perform any of the terms, covenants or agreements by Grantor to be performed under the Loan Agreement or is otherwise in default under the Loan Agreement, then, and in any such event, Beneficiary shall have the right, without notice to or demand upon Grantor or any other person, to make any such payment, take any such action or do any such thing as, in the exercise of Beneficiary's discretion, may be determined to be reasonably necessary to protect the lien and security hereof as fully and completely as if Grantor made each and every such payment when due, and kept, complied with, performed and carried out the provisions of said

paragraphs 1 and 2. Without limiting the generality of the foregoing, Beneficiary may, in any such event, (i) obtain the required insurance covering the Secured Property and pay the premiums thereon or pay any unpaid premiums on any insurance procured by Grantor; (ii) pay said taxes, assessments, impositions and other governmental charges, fines and fees together with any penalties and interest accrued thereon, and redeem the Secured Property from a tax sale if it has been sold, and shall be subrogated to the lien of the governmental body to which such payment was made; (iii) make and pay for any and all repairs which Beneficiary deems necessary to place or keep the Secured Property in good condition and repair; (iv) stop or mitigate waste on or in the Secured Property or any part thereof; (v) stop or prevent the removal, destruction, demolition or structural alteration of any building or improvement on the Secured Property; (vi) stop or prevent the violation of any law, ordinance, rule or regulation relating to the use or maintenance of the Secured Property or of any requirement, direction or order or notice of violation thereof issued by any governmental agency, body or officer; (vii) pay all or any part of any sum or sums of money that may be due or payable under the provisions of subparagraph (e) of paragraph 1 hereof; and (viii) pay all or any part of the leasehold payments due and payable under any leases or subleases of any of the Secured Property; and Grantor hereby promises to pay to Beneficiary, or to Trustee, as the case may be, upon demand, any and all sums of money paid out or expended by them, or any of them, for any of the purposes set out in this paragraph 4, together with interest thereon from the date of payment at the highest rate provided in the Loan Agreement, and agrees that any sum or sums of money so paid by Beneficiary or by Trustee, or any of them, shall thereupon be and become a part of the Secured Debt, including those moneys expended on behalf of the Grantor pursuant to the Loan Agreement, and shall be collectible as such, all without waiver of any right arising from the breach of or default in the performance of any warranty, covenant, condition, provision or agreement herein contained or contained in the Loan Agreement, including, without limitation, the right to enter and take possession of the Secured Property, and rent and manage the same, and the right to foreclose this Deed of Trust; but nothing herein contained shall be construed as imposing any duty or obligation upon Beneficiary, or upon Trustee, to pay any such sum or sums of money herein authorized to be paid, or to take any other action authorized hereunder.

5. Upon the occurrence of an Event of Default as defined in the Loan Agreement or default by Grantor in any of its covenants hereunder (hereinafter collectively called an "Event of Default"), the Secured Debt shall at the option of Beneficiary immediately become due and payable without notice to or demand on Grantor or any other person.

6. If any one or more Events of Default shall occur and be continuing, any one or more of the following rights and remedies shall exist, any two or more of which may be exercised concurrently:

(A) Without notice to or demand on Grantor or any other person, Trustee or Beneficiary may forthwith, separately or

jointly: (i) enter into and upon all of the Secured Property, or any part or portion thereof, either in person or by agent, and take possession of the Secured Property, or any part or portion thereof, without process of law, and without liability to Grantor or other owner or owners of the Secured Property, and manage and rent the same, collect and receive the rents, issues and profits thereof (past due, due or to become due) and apply the same to the payment of the Secured Debt, after first deducting the costs and expenses incurred in managing the Secured Property and in collecting said rents, issues and profits (including reasonable compensation for managing the same and collecting and disbursing said rents, issues and profits accruing therefrom), and after deducting such further amount or amounts as may be necessary to pay or reimburse the Beneficiary and Trustee for any sum or sums of money paid by them, or any of them, under the provisions hereof, together with interest at the highest rate provided in the Loan Agreement to the date of payment; or (ii) have a receiver appointed by any court having jurisdiction to take charge of the Secured Property, or any part or portion thereof, and collect, receive and apply the rents, issues and profits thereof. In either case, any person or persons in possession of the Secured Property, or any part or portion thereof, shall be deemed a tenant at will and shall at once surrender such possession on demand of Beneficiary or Trustee or a receiver. It is understood and agreed by and between the parties hereto that nothing herein contained shall be construed as a substitute for, or in derogation of, the right to foreclose this Deed of Trust or as imposing any duty or obligation upon Beneficiary or upon Trustee, or any of them, to take charge of the Secured Property, or any part or portion thereof, to collect said rents, issues or profit or to have a receiver appointed for such purposes.

(B) Without notice to or demand on Grantor or any other person, Beneficiary may at its option declare the Secured Debt to be immediately due and payable and upon the exercise of said option the Secured Debt may be collected by proper action, foreclosure of this Deed of Trust, or any other legal or equitable proceeding.

(C) At any time after the exercise by Beneficiary of the option to declare the Secured Debt to be immediately due and payable, Trustee, upon the written request of Beneficiary, shall foreclose upon and sell the Secured Property, or any part or

portion thereof, at one or more successive sales, as an entirety or otherwise, both as the Trustee may deem expedient, to satisfy the Secured Debt at public auction or auctions at the front door of the courthouse of the county in which the Secured Property is situate, for cash in hand on the day of sale. The Trustee shall publish a Notice of Trustee's Sale once a week for two (2) successive weeks in a newspaper of general circulation whose publication area shall be or include the county or counties where the Secured Property is located, or by such other public advertisement as may be prescribed by applicable law. A copy of the Notice of Trustee's Sale shall be served on the Grantor, or his agent or personal representative, by certified mail, return receipt requested, addressed in accordance with the provisions of Section 4.5 hereof. Notice of such sale shall be deemed complete when such Notice of Trustee's Sale is sent to the Grantor in the aforesaid manner, notwithstanding the fact that such mail or courier package may be returned as refused or undeliverable. A copy of such Notice of Trustee's Sale shall be served by certified mail, at least twenty (20) days prior to the sale, upon any subordinate lien holder who has previously notified Beneficiary by certified mail of the existence of a subordinate lien. Notice to a subordinate lienholder shall be complete when such Notice is mailed in accordance with the provisions of this paragraph, directed to the address of the subordinate lienholder as provided by such subordinate lienholder in the notice of existence of a subordinate lien.

The Trustee, without demand on Grantor, shall sell the Secured Property at the time and place and under the terms designated in the Notice of Trustee's Sale. The Trustee may sell the Secured Property, real and personal, at any place within any county in which any of the Secured Property is located, in one or more parcels or lots and in such order as the Trustee may determine. The sale of the Secured Property shall be by public auction, to the highest bidder, for cash, or upon such other lawful terms as the Beneficiary may designate. The sale of the Secured Property may be at the same time of or otherwise in conjunction with a sale of any other real or personal property serving as collateral for the indebtedness secured hereby or any other debts or obligations owed by the Grantor or others to the Beneficiary or to other creditors, all of which may be sold in one or more parcels or lots and in such order as the Trustee may determine. The Trustee may employ such surveyors, engineers, appraisers,

auctioneers, attorneys, and other persons as he may reasonably determine are necessary or desirable to assist the Trustee in execution of this trust. Trustee may postpone sale of all or any lot or parcel of the Secured Property by public announcement at the time and place of any previously scheduled sale or at the time and place of any adjourned sale. Beneficiary or Beneficiary's designee shall be entitled to bid on all or any portion of the Secured Property and to purchase all or any portion of the Secured Property at any sale.

Trustee shall deliver to the purchaser Trustee's deed conveying the Secured Property so sold with covenants of specialty warranty. The recitals in the Trustee's deed shall be prima facie evidence of the statements therein. The Trustee shall apply the proceeds of the sale in the following order: (a) to all costs and expenses of the sale, including, but not limited to, a reasonable Trustee's fee not to exceed five percent (5%) of the gross proceeds of sale, the Trustee's expenses, and reasonable attorneys' fees and expenses; (b) cost of title evidence; (c) to the payment of the indebtedness secured hereby; and (d) the excess, if any, to any subordinate lienholders in their order of priority, including the Beneficiary, and then to the Grantor or any successors or assigns of Grantor as their interests may appear. Within two months after a sale is made, the Trustee shall file a Report of Trustee's Sale Under Deed of Trust, containing an inventory of the property sold and on account of the sale as well as such other matters as the Trustee may deem appropriate, in all offices in which this Deed of Trust is recorded. The recitals in the Trustee's report shall be prima facie evidence of the statements therein.

(D) In addition to the rights, remedies and powers hereinabove set forth, Beneficiary and Trustee shall have as to the Secured Property and any and all other fixtures and personal property covered by this Deed of Trust, all rights, remedies and powers of a secured party under the Uniform Commercial Code of West Virginia, as the same may now be in effect or hereafter amended (the "Code").

7. As to any of such property as is personal property or fixtures subject to the Code, this instrument shall constitute a security agreement, and the Grantor does hereby grant a security interest therein to Beneficiary. This instrument is to be filed for record in

the real estate records of Putnam County, West Virginia, so as to serve as a fixture filing pursuant to Code § 46-9-402.

Notwithstanding the release of any property that is deemed real property or any proceedings to have released this Deed of Trust or its satisfaction of record, the terms hereof shall survive as a security agreement with respect to the security interest created hereby until the repayment or satisfaction in full of the obligation of Grantor under the Loan Agreement. Nothing herein shall preclude Beneficiary or Trustee from proceeding as to both real and personal property in accordance with the Beneficiary's or Trustee's rights and remedies in respect of property as provided in Article 9 of the Code.

8. Grantor hereby waives personal service of notice of any sale made hereunder, but not any notice by mailing as prescribed in paragraph 5(C) hereof, upon it, its successors or assigns, and also waives the posting of notice of sale at the courthouse, and agrees that any sale made hereunder may be adjourned from time to time without notice other than oral proclamation of such adjournment at the time and place of sale, or at the time and place of any adjourned sale. The Grantor does hereby, to the full extent permitted by applicable law, waive any right to require the Trustee and/or the Beneficiary to post a bond or any like security in connection with the performance of the Trustee's duties pursuant to the terms of this instrument.

9. In the event that foreclosure proceedings are instituted hereunder but are not completed, Trustee shall be reimbursed for all costs and expenses incurred by them in commencing such proceedings and, in addition, shall be entitled to, and paid, as a commission, reasonable compensation therefor; and all costs and expenses so incurred by Trustee, and such commission, together with interest thereon until paid at the highest rate of interest provided in the Loan Agreement, shall be payable by Grantor on demand, and shall be and become a part of the Secured Debt and shall be collectible as such.

10. Trustee, or either of them, or the successors or survivors thereof, may act in the execution of this trust, and in the event any Trustee shall act alone, the authority and power of the Trustee so acting shall be as full and complete as if the powers and authority granted to any Trustees herein jointly had been granted to such Trustee alone; and the Trustee, or any successor trustee, is hereby authorized to act by agent or attorney in the execution of this trust and need not be present in person at any foreclosure sale.

11. It is hereby expressly covenanted and agreed by all parties hereto that Beneficiary may, at any time and from time to time hereafter, without notice and with or without cause, appoint and substitute another Trustee or Trustees, corporations or persons, in place of the Trustee or Trustees herein named to execute the trust herein created. Upon such appointment, either with or without a conveyance to said substituted Trustee or Trustees by the Trustee herein named, or by any substituted Trustee in case the said right of appointment is exercised more than once, the new and substituted Trustee or Trustees in each

instance shall be vested with all the rights, titles, interests, powers, duties and trusts in the premises which are vested in and conferred upon the Trustees herein named; and such new and substituted Trustee or Trustees shall be considered the successors and assigns of the Trustees who are named herein within the meaning of this instrument, and substituted in their place and stead. Each such appointment and substitution shall be evidenced by an instrument in writing which shall recite the parties to, and the book and page of record of, this Deed of Trust, and the description of the Premises, which instrument, executed and acknowledged by Beneficiary and recorded in the office of the Clerk of The County Commission of Putnam County, West Virginia, shall be conclusive proof of the proper substitution and appointment of such successor Trustee or Trustees, and notice of such proper substitution and appointment to all parties in interest.

12. Any notice required or permitted to be given under this Deed of Trust shall, except to the extent expressly otherwise required or provided herein and except as otherwise required by applicable law, be effective upon the deposit of such notice, in writing, in the regular United States mail, certified, return receipt requested, postage paid, addressed to the party or parties to receive such notice at the following addresses or at such other address as any such party may give the other parties in the manner for giving notice herein prescribed:

2.2 Subject to the terms, conditions and provisions of this Loan Agreement and the Local Act, the Governmental Agency has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers.

2.3 All real estate and interests in real estate and all personal property

constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Governmental Agency, subject to any mortgage lien or other security interest as is provided for in the Local Statute unless a sale or transfer of all or a portion of said property is approved by the Authority.

2.4 The Governmental Agency agrees that the Authority and its duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Governmental Agency further agrees that the Authority and its duly authorized agents and representatives shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. The Governmental Agency shall permit the Authority, acting by and through its Director or his duly authorized agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination, and the Governmental Agency shall submit to the Authority such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project, the operation and maintenance of the System and the administration of the Loan or of any State and federal grants or other sources of financing for the Project.

2.6 The Governmental Agency agrees that it will permit the Authority and its agents and representatives to have access to the records of the Governmental Agency pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof or if the Project is an improvement to an existing system at any reasonable time following commencement of construction.

Prior to commencing operation of the Project, the Governmental Agency must also obtain, and maintain so long as any of the Local Bonds is outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Governmental Agency shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. 2.12 The Governmental Agency, commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, shall each month complete a Monthly Financial Report, the form of which is

attached hereto as Exhibit C and incorporated herein by reference, and forward a copy by the 10th of each month to the Authority.

ARTICLE III

Conditions to Loan; Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered into contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided that, if the Loan will refund an interim construction financing, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the General Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the General Resolution or any tax or arbitrage certificate with respect to the exclusion of the interest on the Authority's water development revenue bonds from gross income of the holders thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) Unless the funds pledged to the payment of the Local Bonds are either Use Fees or Governmental Lease Payments, the Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountant for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect;

(j) In the event that the funds pledged to the payment of the Local Bonds are either Use Fees or Governmental Lease Payments, then the Local Act shall provide that (i) the Project financed by such Local Bonds shall be subject to an O&M Agreement pursuant to which the Operator shall be responsible, at its expense, to operate and

maintain such Project; and (ii) in the event the O&M Agreement or the Governmental Lease is terminated or either the Use Fee or the Governmental Lease Payment, as the case may be, is not paid, then the Governmental Agency shall fix, collect, adjust and increase rates, fees and other charges for use of the System and shall take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement; and

(k) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan

Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program. Additionally, the Governmental Agency recognizes that the Authority will purchase the Local Bonds only with funds from the Program and not with funds from any other loan programs of the Authority.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Authority:

(a) That the gross revenues of the System, or any Use Fees or Governmental Lease Payments, as the case may be, shall always be used for purposes of the System. Such gross revenues, or any Use Fees or Governmental Lease Payments, as the case may be, shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System, to the extent such Operating Expenses are not paid under the O&M Agreement or the Governmental Lease;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document, as reflected on the Schedule X attached hereto, and beginning seven (7) months prior to the first date of payment of interest on the Local Bonds and thirteen (13) months prior to the first date of payment of principal of the Local Bonds, respectively, to provide debt service on the Local Bonds by depositing in a sinking fund one-sixth (1/6) of the interest payment next coming due on the Local Bonds and one-twelfth (1/12) of the principal payment next coming due on the Local Bonds and, if a reserve account is required by the Local Statute or in the event the O&M Agreement or Governmental Lease is terminated, beginning thirteen (13) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety or other security instrument) in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) (or such other amount as shall be acceptable to the Authority and as shall fund the Reserve Account over not more than ten (10) years) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) if required by the Local Statute or in the event the O&M Agreement or Governmental Lease is terminated, to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either Use Fees or Government Lease Payments, as the case may be, or in the absence of either form of such revenues, by a pledge of either the gross or net revenues of the System, as the case may be, as more fully set forth in the Local Act;

(ii) That, in the absence of a pledge of either Use Fees or Governmental Lease Payments to the payment of the Local Bonds or in the event the O&M Agreement or the Governmental Lease is terminated, the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete, or cause to be completed, the Project, shall operate and maintain, or cause to be operated and maintained under the O&M Agreement and/or Governmental Lease, the System in good condition and, to the extent applicable, in compliance with, among other state and federal standards, the water quality standards established by the West Virginia Division of Environmental Protection (the "DEP") and the United States Environmental Protection Agency (the "EPA"), shall permit the DEP and EPA to have access to the records of the Governmental Agency pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof, and shall, as a condition precedent to the Authority's making the Loan, have obtained, among other permits required, permits from the EPA and the DEP, if required;

(iv) That, except as otherwise permitted by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System, including any Use Fees or Governmental Lease Payments, which rank prior to, or equally, as to lien and security with the Local Bonds, without the Authority's prior written consent.

(vi) That the Governmental Agency will carry, or cause to be carried under the O&M Agreement or otherwise, such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render, or allow to be rendered, any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, if applicable and to the extent legally allowable, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues or Use Fees or Governmental Lease Payments, as the case may be, are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That, except as otherwise provided by law, in the absence of an O&M Agreement, the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during

the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and except in compliance with the restrictions contained in this Loan Agreement;

(xvi) That, to the full extent permitted by applicable law and the rules and regulations of the PSC, the Governmental Agency shall terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That if the funds pledged to the payment of the Local Bonds are either Use Fees or Governmental Lease Payments, then the Governmental Agency shall grant, for the benefit of the Authority, a deed of trust on and security interest in the System;

(xix) That except as provided by law, in the absence of a pledge of either Use Fees or Governmental Lease Payments to the payment of the Local Bonds or in the event the O&M Agreement or the Governmental Lease is terminated, the Governmental Agency shall covenant to fix and collect rates, fees and other charges for use of the System, to adjust and increase such rates, fees and other charges and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement;

(xx) That the Governmental Agency shall require its contractors to furnish 100% performance and payment bonds; shall also require them to maintain workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts satisfactory to the Authority; and shall maintain, or require its contractors to maintain, builder's risk insurance (fire and extended coverage) on a 100% basis on the insurable portion of the Project being constructed;

(xxi) That the Governmental Agency shall provide the Authority with annual financial information and such other information as is necessary for the Authority to meet its ongoing disclosure requirements;

(xxii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xxiii) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xxiv) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve fund payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check to the Authority by the 5th day of such calendar month;

(xxv) That the Governmental Agency will annually furnish to the Authority information with respect to the Governmental Agency's use of the proceeds of the Local Bonds and any additional information requested by the Authority;

(xxvi) That the Governmental Agency shall obtain the written approval of the Authority before expending any proceeds of the Local Bonds available due to bid/construction/project underruns, including the "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer; and

(xxvii) That the Governmental Agency shall list the funding provided by the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the Use Fees or Governmental Lease Payments or other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.5 The Local Bonds shall be delivered to the Authority in fully registered

form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority at the time of closing and shall be paid to the Commission as set forth on Schedules X and Y attached hereto. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

Payments To Be Made by
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, in the absence of a pledge of

either Use Fees or Governmental Lease Payments or in the event the O&M Agreement or the Governmental Lease is terminated, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.3 In the event the Governmental Agency defaults in any payment due to the Authority pursuant to Section 4.2 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 7 of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. 7.2 Schedules X and Y shall be attached to this Loan Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Governmental Agency supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.3 If any provision of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement, and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.4 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

CASE NO. 99-0674-PWD-PC-CN

WEST VIRGINIA-AMERICAN WATER COMPANY,
THE COUNTY COMMISSION OF PUTNAM COUNTY
and THE PUTNAM COUNTY BUILDING COMMISSION

Application for Consent and Approval of Operations and Maintenance Agreements between Company and Building Commission and related financial transactions, consent and approval to the requested rate making approvals, and application for certificate of convenience and necessity for the construction by the Building Commission of certain water transmission, distribution, and pumping facilities to provide potable water or enhanced water service to areas within Putnam County.

COMMISSION ORDER

On May 18, 1999, the West Virginia-American Water Company (Company), The County Commission of Putnam County (County Commission) and The Putnam County Building Commission (Building Commission) (collectively, "Applicants"), filed a joint application for approval of an operation and maintenance agreement¹, the approval of the related transactions and certain rate making treatment and for the issuance of a certificate of public convenience and necessity to the Building Commission for the construction of certain facilities as set forth in the application. The cost of the proposed project was estimated to be approximately \$13.198 million. The Applicants noted that this filing replaced Case No. 98-0312-W-PWD-PC, which the Applicants simultaneously withdrew. The Applicants represented that the May 18, 1999 filing included slight modifications to

1

As explained below, the Applicants, by filing on November 18, 1999, separated the operation and maintenance agreement into two agreements in order to facilitate financing.

The Applicants represented that the May 18, 1999 filing included slight modifications to the scope and funding of Case No. 98-0312-W-PWD-PC.

Through this filing, the Applicants seek approval of a public/private partnership to provide potable water to unserved or underserved areas of Putnam County. The project involves 14 separate extensions of service to 759 new customers. These facilities will be constructed and owned in part by the Company, to the extent of the Company's investment, and in part by the Building Commission, to the extent the facilities are constructed with proceeds of bonds issued by the Building Commission. Because the portion of the project to be constructed and owned by the Company consists of ordinary extensions of the Company's existing system for which a certificate of convenience and necessity is not required under *West Virginia Code* §24-2-11, the certificate application contained in this filing pertains only to those portions of the project to be constructed and owned by the Building Commission.

With respect to the facilities to be owned by the Building Commission, the Building Commission has agreed to issue bonds to fund the construction of its portions of the project, approve and make payments for construction, and accept certain responsibilities with respect to receipt of bids, awarding of contracts, construction, processing of bills for payment of construction, and ownership.

Construction of the facilities is proposed to be funded through the following:

- (1) A Series Bonds to be issued by the Building Commission in the amount of \$7,435,324.00 at 5.5% annual interest, for a term of 40 years;
- (2) B Series Bonds to be issued by the Building Commission in the amount of \$4,173,076.00 at 5.5% annual interest, for a term of 40 years; and
- (4) investment by the Company in the amount of \$1,590,000.00.

Repayment of the bonds will be through a Use Fee to be paid by the Company to the Building Commission during the terms of the Operation and Maintenance Agreements; the income stream generated by a \$12.00 per month surcharge for customers to be served from the new construction; and an annual commitment of \$200,000.00 from the County Commission, subject to annual appropriation at the discretion of the County Commission.

The Use Fee to be paid by the Company during the terms of the Operating and Maintenance Agreements represents the Company's payment for the use of facilities owned by the Building Commission or County Commission. The Use Fee will be calculated based on facilities in Putnam County, identified in the joint application, that

are scheduled to be acquired or constructed by the Company (IDB Properties). When acquisition or construction of the IDB Properties is complete, the Company will convey the IDB Properties to the Building Commission or County Commission in exchange for Industrial Development Bonds to be issued by the County Commission, pursuant to the Industrial Development Bond and Commercial Development Act, *West Virginia Code* §§ 13-2C-1, *et seq.*

Following the transfer of ownership, the County Commission will lease the IDB Properties to the Company for 40 years, pursuant to the Capital Lease attached to the joint application. As the County Commission will own the IDB Properties, the Company will not have to pay property taxes on the IDB Properties, and will be in a position to pay the Use Fee.

Pursuant to the Operation and Maintenance Agreements, the Company will, at its expense, operate, maintain, repair and replace all facilities included in this project, including the portion of the facilities to be owned by the Building Commission, and, as the agent for the Building Commission, read meters and bill the customers of the Building Commission. In return, the Company will bill and collect, on a monthly basis, from customers of the Building Commission, the Company's then effective rates and charges, and the 120 month (or ten year) \$12.00 surcharge identified above.

The Company has requested rate base treatment of the portion of the project to be owned by it, as well as for the IDB properties to be conveyed to the County Commission. This requested rate base treatment is identical to the treatment granted by the Commission in the construction financed by the Company in the Fayette County Project, Case No. 96-1477-W-PWD-PC-CN. The Company has also requested specific approval of the above-identified Capital Lease, allowance of the above-identified Use Fee in its cost of service for rate making purposes, and the use and imposition of the above-identified \$12.00 monthly surcharge.

The Company explained that approval of this project will permit the Company to avoid substantial capital improvements that would otherwise be necessary to renovate its Culloden Water Treatment Plant and Hamlin Treatment Plant. The project would also put the Company in a better position to provide water service to certain additional communities if needed, requested and cost effective. Finally, this project together with the Cabell County Project, which was approved in Case No. 98-0774-W-PWD-CN, will put the Company in a position to complete the interconnection of its Kanawha Valley and Huntington distribution systems.

By Order issued May 19, 1999, the Commission required the Applicants to publish a Notice of Filing with regard to the filing. On June 7, 1999, the Commission received

an affidavit of publication evidencing publication of the notice in *The Hurricane Breeze* on May 27, 1999. The protest period provided under *West Virginia Code* §24-2-11 expired on June 26, 1999. No protests were filed.

On June 1, 1999, the Company filed an Outline of Steps Previously Taken or To Be Taken to Complete Putnam County Project.

On June 14, 1999, Commission Staff filed its Initial Joint Staff Memorandum stating that Staff would file a further memorandum when its review of this filing was complete. Staff recommended that the Commission retain this case to permit expedited processing.

On July 29, 1999, the Company completed its filing of the plans and drawings for the project.

On November 18, 1999, the Applicants filed a letter explaining that the Operation and Maintenance Agreement filed with the May 18, 1999 petition had been separated into two separate agreements with certain revisions to facilitate financing for the project. The Applicants represented that the two agreements would not change the operational framework or scope of financing for the project.

On December 3, 1999, Commission Staff filed its Final Joint Staff Memorandum recommending approval of the Operation and Maintenance Agreements, without specifically approving the terms and conditions thereof, issuance of the certificate of convenience and necessity to the Building Commission, and approval of the related financing and rate making treatment. Staff's recommendations were based on its review of the plans and specifications for the project, the fact that bids for construction were lower than the estimates for the cost of the extensions, resulting in a total project construction cost per customer of approximately \$12,500.00. Staff further noted that the West Virginia Bureau of Public Health had issued a permit for the project. Staff also recommended, however, that the Commission's granting of the certificate of convenience and necessity be contingent upon the Building Commission filing a specific statement as to the area that will be served by the project.

On December 6, 1999, the Company filed a letter stating that it had no comments or objections to Staff's December 3, 1999 Memorandum.

On January 5, 2000, the Company filed a letter explaining that although the Joint application originally indicated that the Building Commission would issue three series of bonds to finance its construction, it has since determined that the B and C series bonds

would be combined into a single B series with a 40 year term². The Company further explained that the projected dollar figures for the sources and uses of funds as listed in the Joint application may change, and requested that the Commission approve the structure of the funding, and not the actual dollar figures. The Company made this request in the hope of avoiding the need to petition to reopen this case when final funding is determined.

The Commission will not grant the Company's request to approve only the structure, and not the dollar amount, of the project funding in this proceeding. The cost of a project is an important consideration in the Commission's evaluation of whether the public convenience and necessity require that project pursuant to *West Virginia Code* 24-2-11. Although the Company has indicated that it does not expect the total construction costs or the Company's use fee to change, the Commission believes it is preferable to require a petition to reopen to assure that total construction costs, the use fee, and resulting costs to consumers, will not change. It is the Commission's practice to act on such petitions to reopen in a prompt manner.

Based on the foregoing and upon the Commission's review, it is appropriate to grant the certificate and approve the Operation and Maintenance Agreements, the project funding, the Use Fee, the Capital Lease, the \$12.00 monthly surcharge, and the Company's requested rate base treatment. Furthermore, the certificate will be granted contingent upon a requirement that at the time of, or prior to, substantial completion of the project, the Building Commission file a statement of the project facilities owned by it.

FINDINGS OF FACT

1. The Applicants seek approval of a public/private partnership to provide potable water to unserved or underserved areas of Putnam County. The project involves 14 separate extensions of service to 759 new customers.
2. These facilities will be constructed and owned in part by the Company, to the extent of the Company's investment, and in part by the Building Commission, to the extent the facilities are constructed with proceeds of bonds issued by the Building Commission.
3. The portion of the project to be constructed and owned by the Company consists of ordinary extensions of the Company's existing system for which a certificate of convenience and necessity is not required under *West Virginia Code* §24-2-11.

² This change is reflected in the Commission's earlier discussion of the project funding.

4. The certificate application contained in this filing pertains only to those portions of the project to be constructed and owned by the Building Commission.

5. With respect to the facilities to be owned by the Building Commission, the Building Commission has agreed to issue bonds to fund such construction, approve and make payments for construction, and accept certain responsibilities with respect to receipt of bids, awarding of contracts, construction, processing of bills for payment of construction, and ownership.

6. Construction of the facilities is proposed to be funded through the following:

(1) A Series Bonds to be issued by the Building Commission in the amount of \$7,435,324.00 at 5.5% annual interest, for a term of 40 years;

(2) B Series Bonds to be issued by the Building Commission in the amount of \$4,173,076.00 at 5.5% annual interest, for a term of 40 years; and

(3) investment by the Company in the amount of \$1,590,000.00.

7. Repayment of the bonds will be through a Use Fee to be paid by the Company to the Building Commission during the terms of the Operation and Maintenance Agreements; the income stream generated by a \$12 per month surcharge for customers to be served from the new construction; and an annual commitment of \$200,000 from the County Commission, subject to annual appropriation at the discretion of the County Commission.

8. The Use Fee to be paid by the Company during the terms of the Operating and Maintenance Agreements represents the Company's payment for the use of facilities owned by the Building Commission or County Commission.

9. The Use Fee will be calculated based on facilities in Putnam County, identified in the joint application, that are scheduled to be acquired or constructed by the Company (IDB Properties).

10. When acquisition or construction of the IDB Properties is complete, the Company will convey the IDB Properties to the Building Commission or County Commission in exchange for Industrial Development Bonds to be issued by the County Commission pursuant to the Industrial Development Bond and Commercial Development Act, *West Virginia Code* §§ 13-2C-1, *et seq.*

11. Following the transfer of ownership, the County Commission will lease the IDB Properties to the Company for 40 years pursuant to the Capital Lease attached to the joint application. As the County Commission will own the IDB Properties, the Company will not have to pay property taxes on the IDB Properties, and will be in a position to pay the Use Fee.

12. Pursuant to the Operation and Maintenance Agreements, the Company will, at its expense, operate, maintain, repair and replace all facilities included in this project, including the portion of the facilities to be owned by the Building Commission, and, as agent for the Building Commission, read meters and bill the customers of the Building Commission. In return, the Company will bill and collect, on a monthly basis, from customers of the Building Commission, the Company's then effective rates and charges, and the 120 month (or ten year) \$12.00 surcharge identified above.

13. The Company has requested rate base treatment of the portion of the project to be owned by it as well as for the IDB properties to be conveyed to the County Commission.

14. This requested rate base treatment is identical to the treatment granted by the Commission in the construction financed by the Company in the Fayette County Project, Case No. 96-1477-W-PWD-PC-CN.

15. The Company has also requested specific approval of the above-identified Capital Lease, allowance of the above-identified Use Fee in its cost of service for rate making purposes, and the use and imposition of the above-identified \$12.00 monthly surcharge.

16. This project was properly noticed to the public and the protest period provided under *West Virginia Code* §24-2-11 expired on June 26, 1999. No protests were filed.

17. On November 18, 1999, the Applicants filed a letter explaining that the Operation and Maintenance Agreement filed with the May 18, 1999 petition had been separated into two separate agreements with certain revisions to facilitate financing for the project. The Applicants represented that the two agreements would not change the operational framework or scope of financing for the project.

18. On December 3, 1999, Commission Staff filed its Final Joint Staff Memorandum recommending approval of the Operation and Maintenance Agreements, without specifically approving the terms and conditions thereof, issuance of the certificate of convenience and necessity to the Building Commission, and approval of the related

financing and rate making treatment.

19. Staff noted that the West Virginia Bureau of Public Health had issued a permit for the project.

20. Staff recommended that the Commission's granting of the certificate of convenience and necessity be contingent upon the Building Commission filing a specific statement as to the area that will be served by the project.

21. On December 6, 1999, the Company filed a letter stating that it had no comments or objections to Staff's December 3, 1999 Memorandum.

22. On January 5, 2000, the Company filed a letter explaining that although the Joint application originally indicated that the Building Commission would issue three series of bonds to finance its construction, it has since determined that the B and C series bonds would be combined into a single B series with a 40 year term.

23. The Company further explained that the projected dollar figures for the sources and uses of funds as listed in the Joint application may change, and requested that the Commission approve only the structure of the funding, and not the actual dollar figures.

CONCLUSIONS OF LAW

1. The cost of a project is an important consideration in the Commission's evaluation of whether the public convenience and necessity require that project pursuant to *West Virginia Code 24-2-11*.

2. It is appropriate to require that a petition to reopen be filed in the event project funding changes, to assure that total construction costs, the use fee, and resulting costs to consumers, do not change.

3. The Company's request to approve only the structure, but not the dollar amount, of the project funding in this proceeding should be denied.

4. It is appropriate to grant the certificate and approve the Operation and Maintenance Agreements, the project funding, the Use Fee, the Capital Lease, the \$12.00 monthly surcharge, and the Company's requested rate base treatment.

5. The certificate should be granted contingent upon a requirement that at the time of, or prior to, substantial completion of the project, the Building Commission file

a statement of the project facilities owned by it.

ORDER

IT IS THEREFORE ORDERED that revised Operation and Maintenance Agreements filed on November 18, 1999 are hereby approved, without approving the specific terms and conditions thereof. IT IS FURTHER ORDERED that financing for the project is hereby approved as follows:

(2) B Series Bonds to be issued by the Building Commission in the amount of \$4,173,076.00 at 5.5% annual interest, for a term of 40 years; and

(3) investment by the Company in the amount of \$1,590,000.00.

IT IS FURTHER ORDERED that inclusion in the Company's rate base for rate making purposes of the construction or acquisition costs associated with the IDB Properties, identified in the joint application and to be conveyed to the County Commission, is hereby approved.

IT IS FURTHER ORDERED that the Use Fee shall be included in the Company's cost of service for rate making purposes.

IT IS FURTHER ORDERED that use and imposition of the \$12.00 per month surcharge to customers to be served by the project facilities, as set forth in the joint application is hereby approved.

IT IS FURTHER ORDERED that the hearing requirement of *West Virginia Code* §24-2-11 is hereby waived as no protests of this filing have been received.

IT IS FURTHER ORDERED that, within twenty (20) days of the date of this Order, the Building Commission shall file its tariff of rates and charges applicable to customers to be served by the project facilities.

IT IS FURTHER ORDERED that the parties advise the Commission as soon as construction of the project is substantially completed, or at the time customers of the project are being billed for service, whichever occurs first.

IT IS FURTHER ORDERED that at the time of, or prior to, substantial completion of the project, the Building Commission shall file a statement of the project facilities owned by it.

IT IS FURTHER ORDERED that the parties petition for Commission approval of any changes to the scope, costs, or financing of the certificated project.

IT IS FURTHER ORDERED that upon entry hereof, this case shall be removed from the Commission's docket of active cases.

IT IS FURTHER ORDERED that the Commission's Executive Secretary shall serve a copy of this order on all parties of record by First Class United States Mail, and upon Commission Staff by hand delivery.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA
in the City of Charleston on the 26th day of January, 2000.

CASE NO. 99-0674-W-PWD-PC-CN (reopened)

WEST VIRGINIA-AMERICAN WATER COMPANY,
THE COUNTY COMMISSION OF PUTNAM COUNTY,
and THE PUTNAM COUNTY BUILDING COMMISSION

Application for Consent and Approval of Operations
and Maintenance Agreements between Company and
Building Commission and related financial transactions,
consent and approval to the requested ratemaking approvals,
and application for certificate of convenience and necessity
for the construction by the Building Commission of certain
water transmission, distribution, and pumping facilities to
provide potable water or enhanced water service to areas
within Putnam County.

COMMISSION ORDER

On January 20, 2000, West Virginia-American Water Company ("Company"), the Putnam County Commission ("County Commission") and the Putnam County Building Commission ("PCBC") (collectively referred to as "Petitioners") jointly filed a petition to reopen this proceeding for Commission approval of a revised funding arrangement for a county-wide water project ("Project") previously approved by the Commission in a Commission Order dated January 11, 2000 ("Commission Order"). *See letter from counsel to Petitioners dated January 20, 2000 ("Petition to Reopen"). See also Commission Order dated January 11, 2000.*

In the *Petition to Reopen*, Petitioners indicated the cost of the Project has changed. Whereas the Joint Application indicated an estimated Project cost of \$13.198 million, the actual Project cost has been determined to be \$12,000,000. Petitioners represented that lower-than-anticipated construction bids have served to decrease the actual construction cost of the Project, offsetting additional costs of issuance, underwriting fees, capitalized interest expenses and related expenses not included in the initial estimate. A revised "sources and uses" exhibit was attached to the *Petition to Reopen* to show these changes. Petitioners

The Petitioners noted that the closing on the WDA Bonds -- for which Commission approval of the underlying Putnam County and Kanawha County Projects is needed -- is scheduled for Wednesday, January 26, 2000. For this reason, the Petitioners request an expedited consideration of the *Petition to Reopen*.

The Commission has reviewed the Petitioner's request for approval of the revised financing arrangement, and finds it to be reasonable and appropriate. The Commission notes that the total construction costs and the total number of customers to be served by the Project have not changed, that the principal amounts of the PCBC Bonds have decreased slightly, and that the Company's commitment of the Use Fee remains unchanged. Accordingly, the Commission will grant the *Petition to Reopen*.

FINDINGS OF FACT

1. On January 20, 2000, the Petitioners jointly filed a petition to reopen this proceeding for Commission approval of a revised funding arrangement for a county-wide water project ("Project") previously approved by the Commission in a Commission Order dated January 11, 2000.

2. The total construction costs and the total number of customers to be served by the Project have not changed, that the principal amounts of the PCBC Bonds have decreased slightly, and that the Company's commitment of the Use Fee remains unchanged.

3. The closing on the WDA Bonds -- for which Commission approval of the underlying Putnam County and Kanawha County Projects is needed -- is scheduled for Wednesday, January 26, 2000. For this reason, the Petitioners requested an expedited consideration of the *Petition to Reopen*.

CONCLUSION OF LAW

1. The Petitioner's request for approval of the revised financing arrangement is reasonable and appropriate.

2. The Commission will grant the *Petition to Reopen* filed by the Petitioners on January 20, 2000.

ORDER

IT IS THEREFORE ORDERED that the *Petition to Reopen* filed on January 20, 2000, by West Virginia-American Water Company, the Kanawha County Commission and

the Kanawha County Regional Development Authority is hereby granted.

IT IS FURTHER ORDERED that the change in the total Project cost from the original estimate of \$13.198 million to \$12,000,000 is hereby approved.

IT IS FURTHER ORDERED that the following revisions to the funding arrangement previously approved by the Commission are hereby approved:

(1) a change in the principal amount and interest rate of the Series A Bonds to \$6,610,000 at an interest rate of 6.38%;

(2) a change in the principal amount and interest rate of the Series B Bonds to \$3,800,000 at 6.32%.

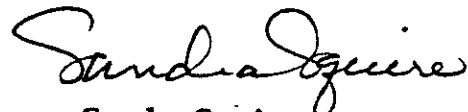

IT IS FURTHER ORDERED that the Petitioners' allocation of \$214,361 to the "Deposit to Escrow Fund" line item in the "sources and uses" exhibit attached to the *Petition to Reopen* is hereby approved, to be held in escrow by PCBC until the Petitioners file for and receive approval to construct further extensions in Putnam County.

IT IS FURTHER ORDERED that upon entry hereof, this case be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the parties shall petition the Commission to reopen this proceeding for approval of any future changes in the scope, cost or financing of this Project.

IT IS FURTHER ORDERED that the Commission's Executive Secretary shall serve a copy of this order on all parties of record by United States First Class Mail, and upon Commission Staff by hand delivery and shall telefax a copy to Christopher Callus at 340-1080.

Water Extension Project 98W-381

Dear Ms. Ryan:

The West Virginia Infrastructure and Jobs Development Council (the "Council") has reviewed the Putnam County Commission's (the "Commission") revised funding for the preliminary application regarding the proposed project to extend service to 865 new customers (the "Project").

At this time, pursuant to its review of the preliminary application, the Council determined that the Commission should utilize \$3,454,200 committed from West Virginia American Water Company and seek an \$11,608,400 loan from the Water Development Authority to finance the Project. Please contact the Water Development Authority at 558-3612 for specific information on the steps the Commission needs to follow to apply for the loan. **Please note that this letter does not constitute funding approval from the Water Development Authority.**

If you have any questions regarding this matter, please contact Katy Mallory at 558-4607.

Sincerely,

Re: Water System Extension Project
(Phase I & Phase II) (Resubmittal) 98W-381

Dear Ms. Ryan:

The West Virginia Infrastructure and Jobs Development Council (Council) has reviewed the Putnam County Commission's (Commission) resubmitted preliminary application regarding the Commission's proposed project to extend water service to customers in numerous areas of Putnam County (Project). Phase I of the Project will serve approximately 595 new customers and Phase II of the Project will serve approximately 270 new customers. Based on the findings of the Water Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The Commission should carefully review the enclosed comments of the Water Technical Review Committee dated June 22, 1998. The Commission may need to address certain issues raised in these comments, and in the Water Technical Review Committee's February 17, 1998 comments previously sent to you, as it proceeds with the Project.

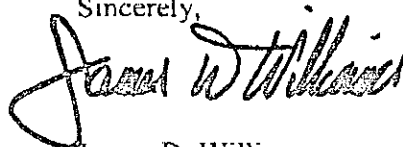

Pursuant to its review of the preliminary application, the Council determined that for Phase I of the Project the Commission should use the West Virginia American Water Company contribution of \$892,500, and the Commission may be eligible for Infrastructure Fund assistance of approximately \$6,619,500. The Council also determined that for Phase II of the Project the Commission should use the West Virginia American Water Company contribution of \$405,000, and the Commission may be eligible for Infrastructure Fund assistance of approximately \$6,239,000. The Council's final decision regarding the specific funding of both Phase I and Phase II of the Project is deferred pending final

determination of each Phase's eligibility and readiness to proceed, and availability of funds in the Infrastructure Fund. Please be aware that currently no funds are available in the Infrastructure Fund. **Please note that this letter does not constitute funding approval from the Council.**

If you have any questions regarding this matter, please contact Susan J. Riggs at the above telephone number.

Sincerely,

KNOW ALL MEN BY THESE PRESENTS: That the PUTNAM COUNTY BUILDING COMMISSION, a public corporation with perpetual existence and a county building commission in Putnam County, West Virginia (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of SIX MILLION SIX HUNDRED TEN THOUSAND DOLLARS (\$6,610,000), in annual installments on June 1 of each year, commencing June 1, 2001, as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rates per annum set forth on said Exhibit A.

The interest on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, such interest shall be payable semiannually on June 1 and December 1 of each year, commencing June 1, 2000, as set forth in Exhibit A attached hereto. Ladies and Gentlemen:

We are bond counsel to the Putnam County Building Commission (the "Governmental Agency"), a county building commission and public corporation of the State of West Virginia.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated January 27, 2000, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority") and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated January 27, 2000 (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$6,610,000, in the form of one bond, registered as to principal and interest to the Authority, with interest payable semiannually on June 1 and December 1 of each year, commencing June 1, 2000, at the rates per annum as set forth on the "Schedule Y", which rates shall not exceed 6.5% per annum, and with principal payable annually on June 1 of each year, commencing June 1, 2001, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of a new public waterworks system of the Governmental Agency, (ii) paying interest on the Local Bonds during construction of the Project and for not more than six month thereafter, and (iii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 8, Article 33 and certain provisions of Chapter 8, Article 16 of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond ordinance duly enacted by the Governmental Agency on January 5, 2000, as supplemented by the Supplemental Resolution duly adopted by the Governmental Agency on January 26, 2000 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.
2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.
3. The Governmental Agency is a duly organized and presently existing county building commission and public corporation, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.
4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.
5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid and legally enforceable and binding special obligations of the Governmental Agency, payable from the sources set forth in the Local Act and secured by a first lien on and pledge of such sources, all in accordance with the terms of the Local Bonds and the Local Act.

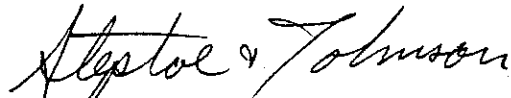

6. Under the Local Statute, the Local Bonds and the interest thereon are exempt from taxation by the State of West Virginia, and other taxing bodies of the State.

7. The Bonds have not been issued on the basis that the interest thereon is or will be excluded from gross income for federal income tax purposes. We express no opinion regarding the federal tax consequences arising with respect to the Bonds.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

3. The 2000 A O & M Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Company, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.

4. The Deed of Trust has been duly authorized, executed and delivered by the Issuer and constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.

5. The members and officers of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

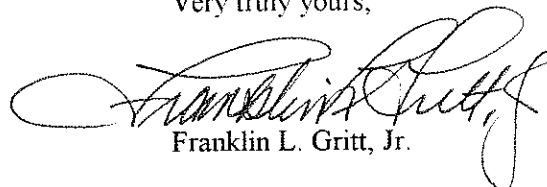

6. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.

7. The execution and delivery of the Bonds, the 2000 A O & M Agreement, the Deed of Trust and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the 2000 A O & M Agreement, the Deed of Trust, the Loan Agreement and the Bond Legislation, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

8. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Deed of Trust, the Loan Agreement, the 2000 A O & M Agreement, the Bonds and the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the pledge of the Revenues therefor.

Ladies and Gentleman:

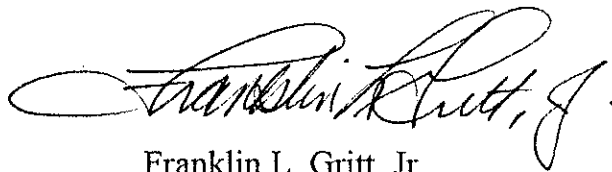

I am counsel to the Putnam County Building Commission, a duly organized and presently existing county building commission and public corporation in Putnam County, West Virginia (the "Issuer"), and as such counsel:

1. I have investigated and ascertained the location of and am familiar with the legal description of the necessary easements and rights-of-way required for the Series A and Series B facilities.

2. I have examined the deed records of Putnam County, West Virginia in which the Series A and Series B facilities are to be constructed and, in my opinion, the Issuer has legal and valid fee simple title in the acquired easements and rights-of-way, sufficient to assure its undisturbed use and possession for the purpose of construction, operation, and maintenance of said facilities or that the Issuer may initiate formal condemnation proceedings to acquire the legal and valid fee simple title in certain un-acquired easements and rights-of-way, sufficient to assure its undisturbed use and possession for the purpose of construction, operation, and maintenance of the Series A and Series B facilities.

3. All deeds or documents required to be recorded in order to protect the title and interest of the Issuer in the acquired easements and rights-of-way for the Series A and Series B facilities have been duly recorded and filed for record in the Office of the Clerk of the County Commission of Putnam County, West Virginia.

Putnam County Building Commission

Clarksburg, West Virginia

Ladies and Gentlemen:

We have served as counsel to West Virginia-American Water Company, a West Virginia corporation (the "Company"), in connection with an Agreement dated January 26, 2000, by and between the Putnam County Building Commission (the "Issuer") and the Company (the "2000 A O & M Agreement"), whereby the Issuer has agreed that the Series 2000 A Facilities should be acquired, constructed, equipped, operated, maintained, repaired and replaced by the Company. The above-captioned bonds (the "Bonds") are being issued by the Issuer under Chapter 8, Article 33 and certain provisions of Chapter 8, Article 16 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Ordinance duly enacted by the Issuer on January 5, 2000, as supplemented by the Supplemental Resolution duly adopted by the Issuer on January 26, 2000 (collectively, the "Bond Legislation"), for the purposes of (i) paying a portion of the costs of acquisition and construction of a new public waterworks system of the Issuer (the "Project") and (ii) paying certain costs of issuance and related costs. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation when used herein.

In connection with this opinion, we have examined and relied upon originals or copies, certified or otherwise identified to our satisfaction, of the Articles of Incorporation, a Certificate of Good Standing and the By-laws of the Company, and all amendments thereto, the 2000 A O & M Agreement, and such other records, instruments, agreements, certificates (including, without limitation, certificates of public officials and of officers of the Company) and other documents (collectively, the "Documents"), and have conducted such investigations of law, as we have deemed necessary for purposes of rendering this opinion. We have assumed the authenticity of the Documents submitted to us as originals, the conformity to originals of the Documents submitted to us as copies and the due authorization, execution and delivery of the Documents by all other parties thereto, if any. As to factual matters necessary for rendering our opinions herein, we have relied upon certificates of the Company with respect thereto without independently verifying the same.

Based upon and subject to the foregoing, we are of the opinion that:

1. The Company is a corporation duly created, validly existing and in good standing under the laws of the State of West Virginia, is qualified to do business in the State of West Virginia, and has full power and authority to execute and deliver the Documents to which the Company is a party and to undertake and perform its obligations thereunder.

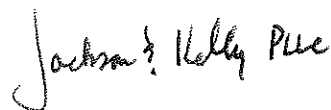

2. The Documents to which the Company is a party have been duly authorized, executed and delivered by the Company, are valid and binding upon the Company, and are legally enforceable against the Company in accordance with the respective terms thereof so as to provide to the other respective parties the substantial enjoyment of the rights and benefits provided for therein, except as may be limited by the laws of bankruptcy, reorganization or other similar laws relating to or affecting the enforcement of creditors' rights generally, by the application of public policy or by the exercise of judicial discretion.

3. To our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, against or affecting the Company, wherein an unfavorable decision, ruling or finding would materially adversely affect the Company or the financial condition or operations of the Company, or the transactions contemplated by the Documents to which the Company is a party, or which would materially adversely affect the Documents to which the Company is a party.

4. To our knowledge, the execution, delivery and performance of and compliance with the provisions of the Documents to which the Company is a party do not and will not violate, conflict with, or constitute or result in a breach of or default under, the Articles of Incorporation or By-laws of the Company or any material agreement, instrument, document, indenture, mortgage, deed of trust, lease, contract, law, judgment, decree, order, statute, rule or regulation to which the Company is a party, by which the Company or its properties are bound or which may otherwise be applicable to the Company.

5. The Issuer and the Company have received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, consents, certificates and approvals from The County Commission of Putnam County, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and the Issuer and the Company have taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer and the Company have received the Commission Order of the Public Service Commission of West Virginia entered on January 11, 2000, and the Commission Order of the Public Service Commission of West Virginia entered on January 26, 2000, both in Case No. 99-0674-PWD-PC-CN, granting a certificate of public convenience and necessity for the Series 2000 A Facilities and approving the financing therefor. The time for appeal of such Orders has not expired prior to the date hereof. However, the parties to such Orders have stated that they will not appeal such Final Orders. Such Final Orders are not subject to any appeal, further hearing, reopening or rehearing by any customer, protestant, intervenor or other person not a party to the original application.

Putnam County Building Commission
Waterworks Revenue Bonds, Series 2000 A
(West Virginia Water Development Authority)

West Virginia Water Development Authority
Charleston, West Virginia

Ladies and Gentlemen:

Based upon the agreed payments to be made by West Virginia-America Water Company (the "Company") to the Putnam County Building Commission (the "Issuer"), under that certain Agreement dated as of January 26, 2000, by and between the Company and the Issuer, as approved in the Final Order of the Public Service Commission of West Virginia entered January 11, 2000, in Case No. 99-0674-PWD-PC-CN, it is my opinion that such payments will be sufficient to provide revenues which will be sufficient to pay 100% of the maximum amount required in any year for debt service on the Waterworks Revenue Bonds, Series 2000 A (West Virginia Water Development Authority), to be issued to the West Virginia Water Development Authority on the date hereof.

Very truly yours,

NOTICE OF PUBLIC HEARING ON TWO BOND AUTHORIZING ORDINANCES AUTHORIZING THE ISSUANCE OF THE PUTNAM COUNTY BUILDING COMMISSION PUBLIC WATERWORKS REVENUE BONDS, SERIES 2000 A, AND PUBLIC WATERWORKS LEASE REVENUE BONDS, SERIES 2000 B

A public hearing will be held on the following entitled Ordinance at a special meeting of the members of The County Commission of Putnam County to be held on January 5, 2000, at 9:30 a.m., in the County Commission meeting room of the Putnam County Courthouse, located at 3389 Winfield Road, Winfield, Putnam County, West Virginia, and at such hearing any person interested may appear before the Commission and present protests and all objections and suggestions shall be heard by the Building Commission and it shall then take such action as it shall deem proper in the premises upon two Ordinances respectively entitled:

ORDINANCE AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF A NEW PUBLIC WATERWORKS SYSTEM OF THE PUTNAM COUNTY BUILDING COMMISSION AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE ISSUER OF NOT MORE THAN \$10,000,000 IN AGGREGATE PRINCIPAL AMOUNT OF PUBLIC WATERWORKS LEASE REVENUE BONDS, SERIES 2000 A, (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY);

PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

and

ORDINANCE AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF A NEW PUBLIC WATERWORKS SYSTEM OF THE PUTNAM COUNTY BUILDING COMMISSION AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE ISSUER OF NOT MORE THAN \$5,000,000 IN AGGREGATE PRINCIPAL AMOUNT OF PUBLIC WATERWORKS LEASE REVENUE BONDS, SERIES 2000 B (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS AND THE LEASING OF SUCH NEW FACILITIES TO THE COUNTY COMMISSION OF PUTNAM COUNTY; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

The above-entitled Ordinances were adopted by the County Commission on December 22, 1999.

The above-quoted titles of the Ordinances de-

scribe generally the contents thereof and the purposes of the Bond issues contemplated thereby. The Building Commission contemplates the issuance of the Bonds described in the Ordinances. The Bonds will be issued in the maximum aggregate principal amount of \$15,000,000. The proceeds of the Bonds will be used to provide financing for a portion of the costs of acquisition and construction of a new waterworks system to serve areas of Putnam County. The facilities will be owned by the Building Commission and a portion will be leased to the County Commission of Putnam County. The Series 2000 A Bonds will be payable solely from revenues of the facilities. The Series 2000 B Bonds will be payable solely from lease rentals to be made by The County Commission of Putnam County to the Building Commission. No taxes may at any time be levied for the payment of either series of Bonds or the interest thereon.

The Bonds shall not constitute indebtedness of the County, but shall be limited obligations of the County, payable solely from the property, revenues and moneys pledged therefor, and neither the Bonds nor the interest thereon, nor any charge in connection therewith, shall be a charge against the general credit or taxing powers of the County, nor shall the same ever constitute an indebtedness of the County within the meaning of any constitutional provision of statutory limitations.

Certified copies of the above-entitled Ordinances are on file at the office of the Secretary of the Building Commission for review by interested parties during regular office hours.

Following said public hearing, the Building Commission intends to enact said Ordinances upon final reading.

FOR MUNICIPAL BOND COMMISSION USE ONLY:

DOCUMENTS REQUIRED: _____

TRANSFERS REQUIRED: _____

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

EXHIBIT A

[Included in transcript as Documents No. 1 and 2]

THIS 2000 A OPERATION AND MAINTENANCE AGREEMENT is made as of January ~~26~~, 2000 by and between WEST VIRGINIA-AMERICAN WATER COMPANY, a West Virginia corporation (hereinafter "Company") and PUTNAM COUNTY BUILDING COMMISSION, a public corporation ("PCBC").

W I T N E S S E T H:

WHEREAS, Company, Putnam County, West Virginia, a political subdivision of the State of West Virginia, by and through The County Commission of Putnam County ("County Commission"), and PCBC have agreed to enter into a public/private water utility project ("Project") for the construction of certain water utility assets by PCBC ("PCBC Facilities") and by Company ("Company Facilities") to provide water service to various areas of Putnam County, West Virginia; and

WHEREAS, as a part of the Project, PCBC proposes to construct the PCBC Facilities within Putnam County; and

WHEREAS, after completion of the Project, all as more fully described herein and in the Application ("Application") by Company, PCBC and County Commission filed or to be filed with the Public Service Commission of West Virginia ("Public Service Commission"), PCBC will construct and own the PCBC Facilities to provide water service to its customers in Putnam County, West Virginia; and

WHEREAS, the PCBC Facilities to be constructed and owned by PCBC are generally shown and described on the series of maps identified and incorporated by reference herein collectively as Appendix A; and

WHEREAS, Company currently provides the supply of potable water to substantial areas of Putnam County from Company's Kanawha Valley Treatment Plant and transmission and distribution system; and

WHEREAS, Company, through its existing water transmission and distribution facilities in Putnam County or through the Company Facilities to be constructed by Company, at its cost, as a part of the Project, will be in a position to serve citizens of Putnam County from Company Facilities or PCBC Facilities; and

WHEREAS, Company has offered to enter into this Agreement and to undertake the operation, maintenance, repair and replacement of the PCBC Facilities and to supply the estimated water needs of the customers to be served from the PCBC Facilities in Putnam County; and

WHEREAS, PCBC believes it is in the best interests of the residents of Putnam County for Company to operate, maintain, repair and replace the PCBC Facilities and to provide water service to the residents of Putnam County served by the Project as provided in this Agreement; and

WHEREAS, PCBC wants Company to provide potable water directly to PCBC customers and to provide assistance in the operation, maintenance, repair and replacement of the PCBC Facilities; and

WHEREAS, all new customers to be served from either the PCBC Facilities or from the Company Facilities constructed as a part of the Project under this Agreement (all of such new customers being hereinafter referred to as "Project Customers") will be required to

pay a surcharge (the "Surcharge") of \$12.00 per month for ten (10) years to the County Commission.

NOW, THEREFORE, for and in consideration of the premises, which are hereby made an integral part of this Agreement and which are not to be construed as mere recitals, the covenants and agreements contained herein and other good and valuable considerations, the receipt and sufficiency of all of which are hereby acknowledged, the Company and PCBC agree:

I. Supply of Water to Customers Served by the PCBC Facilities.

A. The customers served by the PCBC Facilities (the "PCBC Customers") shall remain the customers of PCBC, and upon the construction of the PCBC Facilities, Company agrees to provide to the PCBC Customers subject to the terms, conditions, undertakings, agreements and limitations provided in this Agreement, the total water requirements of the PCBC Customers, said water delivered to the PCBC Customers to be of the same quality as that supplied to Company's Customers in Kanawha and Putnam Counties. Company will be paid for the water supplied to the Customers in the manner set forth in Section V of this Agreement at the rates of Company from time to time established pursuant to Chapter 24 of the West Virginia Code, as amended.

B. Company shall monitor the water quality and be responsible for compliance with all state and federal standards for furnishing water to the public.

C. In the event of an extended shortage of water, or if the supply of water from Company is otherwise diminished or impaired, the supply of water to the PCBC

Customers shall be reduced or diminished in approximately the same proportion as the supply of the water to Company's Kanawha and Putnam County customers is reduced or diminished. Any notification given to Company's Kanawha and Putnam County customers of any anticipated shortage of water shall also be given to PCBC Customers.

II. Term of This Agreement.

The term of this Agreement shall extend for forty (40) years from the date hereof and thereafter may continue in effect from year to year by mutual consent of the parties; provided, however, PCBC shall have the right to terminate this Agreement on (i) sixty (60) days' prior written notice and (ii) subject to limitations set forth in Section VII below, payment at the time of such termination to Company of the amount calculated pursuant to said Section.

III. Future Additions to and Future Extension of PCBC Facilities.

Company and PCBC are aware that there may be written requests by PCBC for future additional use of water by PCBC Customers and that there may be future approved PCBC additions and extensions made to PCBC Facilities. In addition to the other requirements set forth in this Agreement, PCBC and Company hereby specifically agree that such additional use, additions and extensions will be made only if, in the opinion of Company, Company's Kanawha Valley Treatment Plant and, when interconnected, Company's Huntington Treatment Plant, have sufficient treatment capacity and transmission, distribution and pumping facilities, including PCBC Facilities and Company's transmission and distribution mains, adequate to serve PCBC's Customers and if Company believes it otherwise economically feasible to meet the total then present and anticipated needs of both the PCBC Customers and

the other customers of Company's Kanawha Valley and Huntington Districts. Further, the County Commission, PCBC and Company agree as follows:

A. Future Additions. All future additions to the PCBC Facilities constructed by PCBC shall be subject to this Agreement; provided, however, that future additions to the system must be approved by the County Commission, Company and PCBC.

B. Future Extension. Customer extensions from the PCBC Facilities and within PCBC boundary lines may be installed by either PCBC or Company. When PCBC receives a request for a Customer extension, PCBC shall notify Company in writing within fifteen (15) days of its receipt of said request whether it will install the Customer extension or desires Company to make the installation.

(1) In the event PCBC desires Company to install and own the Customer extension, (i) Company shall contract on its own behalf with the Customer requesting the extension and make the installation pursuant to the Rules and Regulations of the Public Service Commission, (ii) all Customers attaching to the Customer extension shall be considered PCBC Customers for billing purposes at the rates of PCBC in accordance with Section V, and (iii) the Customer extension shall be, without further cost or expense of any kind, the property of Company.

(2) In the event PCBC elects to install and own the Customer extension, the construction for that Customer extension by PCBC will be contracted to a contractor acceptable to Company, and all plans and specifications for that extension shall be submitted to and approved by Company before becoming a part of PCBC's Facilities and being

subject to this Agreement. When that extension is contracted to a contractor acceptable to Company, Company, on behalf of and as agent for PCBC, will contract directly with such contractor to provide the extension. Any extension deposits taken by Company on behalf of and as agent for PCBC pursuant to the Rules and Regulations of the Public Service Commission will be retained by Company and credited against the cost of the extension, and the balance of the deposit above the cost of the extension, if any, will be returned to the contracting Customer. Company, on behalf of and as agent for PCBC, will make refunds to the contracting Customers for the extensions pursuant to the Rules and Regulations of the Public Service Commission based on the rates of Company, using funds advanced to Company by PCBC (to the extent such advances are legally permissible).

(3) Refunds made pursuant to the Rules and Regulations of the Public Service Commission to Customers contracting directly with Company pursuant to subparagraph III B shall be the sole responsibility of Company, and the cost of such extensions, to the extent refunded or reimbursed to Customers pursuant to the Public Service Commission's Rules and Regulations, shall be properly includable in Company's depreciable utility plant in calculating Company's cost of service and resulting rates.

C. Surcharges Applicable. Customers served from future additions or future extensions to the Company Facilities or PCBC Facilities that are not otherwise connected to Company facilities shall be subject to the Surcharges provided in Section V of this Agreement.

IV. Operation and Maintenance of PCBC Facilities by Company; Company as Agent.

A. Company hereby agrees to operate, maintain, repair and replace (i) PCBC Facilities, and (ii) all water lines added thereto as additions and extensions with the written approval of the County Commission, Company and PCBC. Notwithstanding the foregoing, Company shall not be under any obligation to maintain, repair or replace at its expense, any condition, defect or malfunction arising from the installation of future additions or future extensions to the PCBC Facilities which fail to meet the standards of Company, if such discrepancy in design or installation is reported in writing by Company to PCBC within fifteen (15) days of discovery.

B. In the event that it becomes necessary to relocate, replace, maintain or repair any condition, defect or malfunction arising from faulty installation of any future additions or extensions for which notice as hereinabove set forth has been given to PCBC by Company, such replacement, relocation, maintenance or repair will be made by a contractor approved by Company or by Company upon notification by PCBC using funds advanced by Company for which Company shall be reimbursed upon termination of this Agreement under the procedures set forth in Section VIII hereof.

C. In the event Company, under the terms of this Agreement, is required to install, relocate or replace any "unit of property" within the PCBC Facilities as defined in the Uniform System of Accounts of the National Association of Regulatory Utility Commissioners ("NARUC"), Company shall make such installation, relocation or replacement

at its cost; provided, however, that in every such instance the unit of property shall be, and shall remain, the property of Company (unless purchased by PCBC from Company after termination of this Agreement as provided in Section VIII hereof or constitutes a part of the County Funded Portion, in which event such property will remain the property of the PCBC subject to the Lease) and shall be properly includable in the depreciable utility plant of Company in calculating its cost of service and resulting rates. Company shall have an unrestricted license and easement over and through any rights of way or real property owned by PCBC in which such property is located.

D. PCBC agrees that, in those instances in which Company installs, replaces or relocates any unit of property on the PCBC Facilities pursuant to the provisions of Subsection C of this Section IV, PCBC will, simultaneously therewith, convey to Company all related rights of way, easements, licenses or other property interests necessary for Company to have and own such unit of property in the location and manner in which it is installed, replaced or relocated on the PCBC Facilities.

E. The Company is hereby appointed as the agent for PCBC to design, construct and install the PCBC Facilities in accordance with good utility construction standards, and the Company shall have the right to enter into such contracts with third parties as it deems necessary or desirable to effectuate such design, construction and installation without further act or deed of PCBC.

V. Reading Meters, Billing of Customers and Payments to PCBC, Including Use Fee Payments; Surcharges to Project Customers.

A. All Customers served directly from the PCBC Facilities under this Agreement shall be PCBC Customers and all Customers served directly from Company Facilities shall be the Customers of Company. Company shall read all meters of the PCBC Customers and render bills to those Customers, as agent for and on behalf of PCBC, in a manner consistent with the meter reading and billing practices of Company employed in billing its own Customers, such bills to be rendered and collected by Company on behalf of PCBC and to be computed based on the usage of each PCBC Customer at the rates from time to time established pursuant to Chapter 24 of the West Virginia Code, as amended. It is the understanding and intent of the parties to this Agreement that, except for the Surcharges provided in Section VI of this Agreement, the rates of the PCBC shall reflect or mirror the rates of Company.

B. It is the intent of the Company and PCBC under this Agreement that the bills delivered to each PCBC Customer reflect the amount due for the water used (such amount to be determined by applying the rates of PCBC to the consumption of water by PCBC Customers as determined by monthly or estimated meter readings). Company shall be responsible for the collection of delinquent bills on behalf of PCBC. The bills delivered to the PCBC Customers will be delivered by, and be payable to, Company, as agent for PCBC.

C. Company, in consideration of the respective rights, duties, obligations, agreements and undertakings of the parties under this Agreement, shall be entitled to receive

from PCBC an amount for water service rendered to PCBC Customers equal to the consumption of each individual PCBC Customer at Company rates from time to time established pursuant to Chapter 24 of the West Virginia Code, as amended. Company shall prepare and deliver monthly statements or schedules to PCBC which shall reflect the total amount collected by Company, as agent for PCBC, and the total amount retained by Company for the water service provided to PCBC Customers at the respective rates of PCBC and Company, plus the Surcharges as provided in this Section V and Section VI below. A PCBC Customer shall be charged a municipal B & O surcharge on his usage only if that PCBC Customer resides within a municipality which imposes such a surcharge. In addition, the monthly statement to be provided to PCBC and to the County Commission by Company will also include the costs of any additions or extensions, and related refunds, made at the cost of the PCBC under Section III, and the cost of any fire hydrants under Section X installed at the cost of PCBC.

In addition to the other payments to be made under this Section V, Company agrees to pay PCBC a Joint Use Line payment (the "Use Fee") for the use of the PCBC Facilities and the facilities constructed by PCBC and leased to the County Commission (the "Use Fee Facilities"). Such Use Fee shall be sufficient to pay the actual monthly debt service, including principal and interest, on the amount of debt incurred by PCBC with respect to the Use Fee Facilities (the "Series A Bonds"); provided, however, Company's Use Fee shall not exceed \$463,372 annually and shall terminate when such debt and the interest thereon has been

paid in full. Payment of the Use Fee shall be made directly to the trustee or paying agent for the Series A Bonds as designated from time to time in writing by PCBC.

In the event Company fails to pay the Use Fee at the times and in the amounts set forth herein, the PCBC shall be entitled to collect for its own account all service charges and surcharges from PCBC customers as may be necessary to pay the principal of and interest on the Series 1999 A Bonds, or at the option of PCBC, to require (through written notification to the Company) that the Company will collect such service charges and surcharges from PCBC Customers, and remit the same on a monthly basis to the PCBC and to the County Commission, respectively. The Company hereby acknowledges and recognizes the lien on and pledge of service charges, as described in the Ordinance adopted by PCBC, pursuant to which the Series A Bonds shall be issued.

D. PCBC agrees to have its accountants review, at least annually, at the expense of PCBC, the system of accounts maintained by Company for PCBC and report the results of that review to PCBC, Company and the County Commission.

E. In addition to such other obligations, duties and responsibilities set forth in this Agreement, Company agrees to pay directly to vendors the reasonable costs of the following three items on behalf of PCBC, up to a maximum aggregate amount for all three items of \$8,000 in each calendar year during the term hereof, upon the receipt of an invoice for such costs from the vendor, which has been approved by PCBC for payment and forwarded by PCBC to Company:

1. Legal and Accounting Expenses

2. Liability Insurance and Bonds

3. Regulatory Commission Fees

PCBC agrees that the \$8,000 provided under this Agreement shall be the total amount to be paid by Company to PCBC under this Agreement between Company and PCBC after the amount described in paragraph C. In the event that either Company or PCBC determines that the maximum aggregate amount of \$8,000 is inadequate or excessive to pay the reasonable costs of the above-mentioned three items, then either party may petition the Utilities Division of the Public Service Commission to audit and review the costs incurred by PCBC for such items and to fix the maximum aggregate amount for said items which Company will pay pursuant to this Subsection E.

VI. Installation of Domestic Services.

After the proposed construction of the PCBC Facilities has been completed, Company shall install domestic service lines, including the tap on the PCBC Facilities and the service line from the PCBC Facilities to the established curb line or within the public right of way nearest the main in accordance with the Rules and Regulations of the Public Service Commission. This installation shall include the meter setting. All such service lines from the PCBC Facilities to the Customer's property line, meter settings and taps shall be constructed and installed by Company and shall be the property of Company. Company shall install all meters at its cost, shall own the meters, and shall assume the obligation to repair, maintain and replace the meters.

VII. Payment to Company Upon Termination of the Agreement.

A. Company and PCBC agree that the annual Use Fee of \$463,372 to be made by Company to pay debt service on the Series A Bonds is in anticipation of a forty-year contractual relationship under this Agreement, and if PCBC elects to exercise its right to terminate this Agreement at any time prior to the end of the forty-year term, then PCBC agrees to pay Company as a termination fee ("termination fee") at the time of such termination an amount equal to a portion of the contribution by Company to the cost of the Project on a pro rata basis based on the remaining years in the forty-year agreement, less any depreciation which Company may have recovered through its rates on such amount, such obligation shall be payable solely from the PCBC Facilities. Further, if the Agreement terminates prior to retirement of the Series A Bonds, Company shall have no further obligation to pay any Use Fee after such termination, provided, however, notwithstanding any other provision hereof to the contrary, in the event this Agreement is terminated by PCBC due to the failure of the Company to pay all or any portion of the Use Fee, no termination fee shall be payable by PCBC to the Company.

B. At the time of termination of this Agreement, Company will be entitled to receive payment for the termination fee, all water delivered to PCBC Facilities customers through the termination date of this Agreement in accordance with the provisions of Section V of this Agreement, and all water meters installed on PCBC's distribution system at the time of such termination will be removed by Company. PCBC agrees that it will either replace those meters, install nipples in place of those meters or buy the meters from Company at the depreciated original cost of those meters as provided in Subsection D of this Section VII.

C. Upon termination of the Agreement, PCBC also agrees that it will purchase from Company, at the depreciated original cost of those items, all of the units of property installed, replaced or relocated by Company on the PCBC Facilities under Section IV of this Agreement and all service lines from the PCBC Facilities to the Customers' property line, meter settings and taps installed at the cost of Company and reflected on the books of Company at the time of the termination of the Agreement.

D. Upon termination of the Agreement, Company shall, within thirty (30) days of such termination, provide to PCBC (i) the total cost of all such items described in Subparagraphs B and C of this Section VII installed at the cost of Company and (ii) the total depreciation accrued on all of such items. PCBC agrees that it will pay to Company the total net depreciated cost (original cost less depreciation) of such items over a three-year period with such payments to be made in thirty-six (36) equal monthly payments of principal, plus accrued interest at the "Prime Rate," as defined below, commencing forty-five (45) days after termination of the Agreement. The Prime Rate shall be the prime rate as shown in The Wall Street Journal being defined therein as the "base rate on corporate loans at large U.S. money center commercial banks" and reported as the "Prime Rate" under the heading "Money Rates," as those terms shall be from time to time changed. The Prime Rate shall change not more often than the first day of each calendar quarter, and for each calendar quarter it shall be determined on the last day of the preceding calendar quarter on which The Wall Street Journal is published with the aforesaid prime rate quotation. In the event that The Wall Street Journal

ceases to publish such rates, the Prime Rate shall be the prime rate established by One Valley Bank, National Association, of Charleston, West Virginia, from time to time.

VIII. Installation of Private Fire Protection Services.

Fire services, approved by PCBC, may be installed by Company from the PCBC Facilities, but only in accordance with the Rules and Regulations of the Public Service Commission. Fire service will be installed by Company at the expense of the applicant and will be billed by Company to the applicant and paid by the applicant directly to Company at a rate equal to the then approved Company's private protection rate.

IX. Installation of Fire Hydrants.

Public fire protection facilities approved by PCBC may be installed on the PCBC Facilities covered by this Agreement at the request of an appropriate governmental unit, and installation shall be made pursuant to the Rules and Regulations of the Public Service Commission, provided that all such fire hydrants shall have a flow capability of at least 500 GPM at 20 psi residential pressure for a sustained period of time.

X. Water Service Franchise Territories.

It is expressly understood and agreed by Company and PCBC that:

A. Company shall be permitted to own Company Facilities purchased by Company and to serve Company Customers served directly from those Company Facilities within the water service franchise area of PCBC as are necessary to enjoy and fulfill its rights and obligations under this Agreement, subject to the terms and conditions set forth in this Agreement.

B. Except as otherwise provided in this Agreement, all persons residing outside of PCBC's water service franchise area, as defined above, and served, either at present or in the future, by Company shall be considered Customers of Company.

C. PCBC agrees that, as a part of the consideration for this Agreement, Company shall have the right, even after termination of this Agreement, to transfer water through the PCBC Facilities, and all future additions and future extensions thereto, and to serve customers who may be connected, directly or indirectly, to Company water mains, whether inside or outside PCBC's service area, provided, however, in the event this Agreement is terminated by PCBC for the failure of the Company to pay the Use Fee, Company shall have no right to transfer water or to serve customers as provided in this paragraph.

XI. Conditions Precedent to Effectiveness of Agreement.

Company and PCBC understand and agree that this Agreement, and the obligations of each of them hereunder, are expressly conditioned upon the following, each of which is a condition precedent to the validity and enforceability of this Agreement:

A. Rates and Surcharges. The Public Service Commission shall have approved the rates and billing arrangements requested by PCBC in the Application, or any supplements thereto, filed with the Public Service Commission seeking approval of this Agreement.

B. The Public Service Commission shall have approved this Agreement and all of the terms, conditions, undertakings, agreements and limitations of that Agreement.

Specifically, and without in anyway limiting the generality of this condition, the Order approving this Agreement and the transactions contemplated thereby shall:

(1) Authorize the inclusion in depreciable utility plant of Company any amounts expended by Company for the cost of installing, replacing or relocating any water lines or facilities on the PCBC Facilities which are defined as a "unit of property," in the NARUC Uniform System of Accounts and which are relocated or replaced by Company at its cost pursuant to Section IV under this Agreement and the cost to Company to install service lines, meter settings and taps on the PCBC Facilities pursuant to Section VII;

(2) Authorize Company to include in depreciable utility plant an amount equal to the tax expense associated with the obligations assumed by Company under the Agreement to the extent that the undertaking by Company to operate, maintain, repair or replace the PCBC Facilities under this Agreement, causes such PCBC Facilities, or any part thereof, to constitute taxable income or to otherwise generate tax expense for Company;

(3) Authorize the recognition in rate base of Company Facilities or other Company Property held by the County Commission and leased to Company under the Capital Lease, all as described in the Application; and

(4) Authorize the implementation of the Surcharges and the other rates requested in the Application.

C. The Public Service Commission shall not have attached to its Order any terms, conditions or limitations which shall adversely affect this Agreement or the economic feasibility of this project between the parties insofar as taking any action or refraining from

taking any action which, in the opinion of their respective counsel, might require them, or either of them, to breach any of their obligations under any Mortgage Indenture, as supplemented, or any other agreement to which either of them might be a party.

XII. Representations and Warranties.

A. PCBC represents and warrants to Company as follows:

(1) The execution, delivery and performance of this Agreement by PCBC has been duly authorized, and this Agreement constitutes a valid and binding obligation of PCBC enforceable in accordance with its terms; and

(2) The execution and performance of this Agreement in accordance with its terms by PCBC will not violate any provisions of law or violate the terms or conditions of any grants or loans made to PCBC for construction of the PCBC Facilities.

B. Company represents and warrants to PCBC as follows:

(1) The execution, delivery and performance of this Agreement by Company has been duly authorized, and this Agreement constitutes a valid and binding obligation of Company enforceable in accordance with its terms; and

(2) The execution and performance of this Agreement in accordance with its terms by Company will not violate any provisions of Company's indentures.

XIII. Assignability.

This Agreement shall be binding upon the successors and assigns of the respective parties hereto.

XIV. Notice.

Any notice, demand or request given hereunder shall be deemed sufficient if in writing and sent by certified mail, postal charges prepaid, to West Virginia-American Water Company, Attention: President, 1600 Pennsylvania Avenue, P. O. Box 1906, Charleston, WV 25327; and to PCBC addressed to the Putnam County Building Commission, 3389 Winfield Road, Winfield, West Virginia 25213, or to such address as the parties shall indicate by written notice to the other parties.

XV. Captions.

The captions preceding the text of the sections of this Agreement are inserted solely for convenience and reference and shall not be used to construe, interpret or affect any provision of this Agreement.

XVI. Governing Law. This Agreement shall be governed by West Virginia law.

XVII. Severability. If any provision of this Agreement is, for any reason, determined to be invalid, illegal or unenforceable in any respect, the Parties hereto shall negotiate in good faith and make such amendments, modifications or supplements of or to this Agreement, that to the maximum extent practicable in light of such determination, implement and give effect to the intentions of the Parties as reflected in this Agreement, and the other provisions of this Agreement shall, as so amended, modified or supplemented, or otherwise affected by such action, remain in full force and effect.

XVIII. Amendment. This Agreement may not be amended to change the amount of the Use Fee without the prior written consent of the insurer of (if any), and trustee for the Series A Bonds.

Such commissions shall be formed by an ordinance or order, as appropriate, by each governmental body establishing the same. The governing body of a county is hereinafter in this article referred to either as a county court or county commission. (1968, c. 11; 1969, c. 86; 1975, c. 167.)

ARTICLE 34.

JUDICIAL REVIEW.

Sec.
8-34-1. General right of appeal.

Revision of chapter. — See note under the same catchline at the beginning of this chapter.

§ 8-34-1. General right of appeal.

Every person sentenced under this chapter by any mayor or police court judge or municipal court judge to imprisonment or to the payment of a fine of ten dollars or more (and in no case shall a fine of less than ten dollars be given if the defendant, his agent or attorney object thereto) shall be allowed an appeal de novo to the circuit or other court of the county exercising jurisdiction over appeals in criminal cases from justices of the peace courts [magistrates] in the county, upon entering into an appeal bond with surety deemed sufficient in a penalty double the amount of fine and costs, with condition that the person appealing will perform and satisfy any judgment which may be rendered against him by the circuit or such other court on such appeal. Any such appeal must be perfected within ten days from and after the date upon which the sentence is imposed. When the municipality is located in more than one county, the appeal shall be taken to the circuit court or other court as aforesaid of the county in which the major portion of the territory of the municipality is located. If such appeal be taken, the appeal bond and other papers in the case shall be forthwith delivered by the mayor, recorder or police court judge or municipal court judge to the clerk of the court to which such appeal is taken, and such court shall proceed to try the case as upon indictment or presentment, and render such judgment, without remanding the case, as the law and the evidence may require. If the judgment be against the accused, it shall include the costs incurred in the proceedings before the mayor or police court judge or municipal court judge, as well as in the said court. (1905, c. 53, § 49a; Code 1923, c. 47, § 49a; 1969, c. 86.)

Editor's notes. — The bracketed words were inserted by the editor. See W. Va. Const., art. VIII, § 15.

In general. — In a proceeding before the mayor of a city, town or village subject to the provisions of this section for the recovery of a fine or penalty imposed for the violation of any of its ordinances, where the offender has been sentenced to imprisonment or to the payment of a fine of ten dollars or more, he is entitled as a matter of right to an appeal to the circuit court upon entering into a recognizance with sufficient surety before the justice (now magistrate) to appear before the court on the first day of the next term thereof to answer for the offense with which he stands charged, and not to depart thence without leave of the court. *Beasley v. City of Beckley*, 28 W. Va. 81 (1886).

Appeal bond. — The requirement of this section that an "appeal bond with surety deemed sufficient" be entered into before a defendant sentenced in a municipal court may be allowed an appeal de novo to the circuit court shall be interpreted to allow a recognizance where appropriate or where the defendant is an indigent. *Robertson v. Goldman*, 179 W. Va. 453, 369 S.E.2d 888 (1988).

Fine on appeal. — A fine imposed in a

circuit court upon appeal from a conviction before the mayor of a city should be distributed the same as in any other misdemeanor case tried upon indictment or presentment in a circuit or criminal court. 47 Op. Atty. Gen. 203 (1957).

Jury trial. — The availability, under this section, of a trial de novo by a jury pursuant to an appeal from a sentence imposed by a municipal court satisfies the state and federal constitutional provisions relating to the right to a trial by jury; municipal courts are, therefore, not required to provide a trial by jury. *Op. Atty. Gen.*, June 5, 1980, No. 59. But see *Champ v. McGhee*, 165 W. Va. 567, 270 S.E.2d 445 (1980).

Sentence on appeal. — A defendant who is convicted of an offense in a trial before a magistrate or in municipal court and exercises his statutory right to obtain a trial de novo in the circuit court is denied due process when, upon conviction at his second trial, the sentencing judge imposes a heavier penalty than the original sentence. *State v. Bonham*, 173 W. Va. 416, 317 S.E.2d 501 (1984).

Any individual who makes an appointment or promotion to any position, or selects an individual for employment, contrary to the civil service provisions of this article, or willfully refuses or neglects otherwise to comply with, or to conform to, any of the civil service provisions of this article, or violates any of such provisions, shall be deemed guilty of a misdemeanor.

Any commissioner or examiner, or any other individual, who shall willfully, by himself or in cooperation with one or more persons, defeat, deceive or obstruct any individual with respect to his right of examination or registration according to the civil service provisions of this article, or to any rules and regulations prescribed pursuant thereto, or who shall willfully or corruptly, falsely mark, grade, estimate, or report upon any such examination or proper

standing of any individual so examined, registered or certified, pursuant to the civil service provisions of this article, or aid in so doing, or who shall willfully or corruptly furnish to any individual any special or secret information, for the purpose of either improving or injuring the prospects or chances of appointment or promotion to any position of any individual so examined, registered or certified, or to be so examined, registered or certified, or who shall impersonate any other individual, or permit or aid in any manner any other individual to impersonate him, in connection with any such examination or registration, or application or request to be examined or registered, shall, for each offense, be deemed guilty of a misdemeanor.

Any person convicted of any such misdemeanor offense shall be punished by a fine of not less than fifty dollars, nor more than one thousand dollars, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment, in the discretion of the court. PART I. DEFINITIONS; AUTHORIZATION OF MUNICIPAL PUBLIC WORKS.
§ 8-16-1. Definitions.

As used in this article, the terms "municipal public works" or "works" or "projects" shall be construed to mean and include the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, reconstruction, increase, equipment, maintenance, repair (including replacements), enlargement of jails, jail facilities, municipal buildings, police stations, fire stations, libraries, museums, other public buildings, incinerator plants, landfills or other garbage disposal systems, hospitals, piers, docks, terminals, (including approaches, causeways, viaducts, underpasses and connecting roads), public markets, cemeteries, motor vehicle parking facilities (including parking lots, buildings, ramps, curb-line parking, meters and other facilities deemed necessary, appropriate, useful, convenient or incidental to the regulation, control and parking of motor vehicles), farms, dormitories, apartments and other housing facilities for the students and faculties of institutions of higher education; facilities providing housing for the elderly, including, but not limited to, life care facilities, congregate living facilities and adult residential facilities, stadiums, gymnasiums, sports arenas, auditoriums, public recreation centers, public recreation parks, swimming pools, roller skating rinks, ice skating rinks, tennis courts, golf courses, polo grounds, or the grading, regrading, paving, repaving, surfacing, resurfacing, curbing, recurbing, widening or otherwise improving of any street, avenue, road, alley or way, or the building or renewing of sidewalks, where such works or projects will be made self-supporting, and the cost thereof, together with the interest thereon, will be returned within a reasonable period, not exceeding forty years, by means of tolls, fees, rents, special assessments or charges other than taxation; and the terms shall mean and include any works or project as a whole, and all integral parts thereof, including all necessary, appropriate, useful, convenient or incidental appurtenances and equipment in connection with any one or more of the above. (1935, c. 68, § 1, 1945, c. 90, 1951, c. 136, 1955, c. 121, 1959, c. 116, 1961, c. 100, 1969, c. 86, 1981, c. 164.)

W. Va. Law Review. — Dobbins and Joslin, Bankruptcy Preference Concerns in Industrial Development Bond Financing, 84 W. Va. L. Rev. 573 (1992).

Building. — For purposes of public financing, the definition of municipal public works extended to a building that was to be purchased and renovated by the Charleston Building Commission, but ultimately leased to the state of West Virginia, State ex rel. Charleston Bldg. Comm'n v. Dial, 198 W. Va. 185, 479 S.E.2d 695 (1996).

Legislative intent. — A reading of this section in pari materia with § 8-16-3 reveals that it was the intent of the legislature to permit municipalities to pledge the resources generated by the imposition of fines and fees for

a period of not more than twenty (20) years only for jail facilities used for municipal prisoners. Op. Atty Gen., June 7, 1988, No. 28.

Revenue bonds. — Neither the "self supporting" provision of this section nor the "no obligation" provision of § 8-16-11 prevents a municipality from transferring funds to a public works authority to service revenue bonds. Op. Atty Gen., Aug. 31, 1979, No. 27.

Self-supporting requirement. — The requirement that public works constructed shall be self-sustaining is held to be inoperative where the work, like a flood wall, is incapable of producing an operating revenue. Duling Bros. Co. v. City of Huntington, 120 W. Va. 85, 196 S.E. 552 (1938).

There is no requirement in this section that municipal public works be self-supporting at the onset. The provision only requires that the works or projects "will be made self-supporting." Op. Atty Gen., Aug. 31, 1979, No. 27.

§ 8-16-2. Municipalities authorized to construct, etc., public works and to acquire property; payment of costs.

Every municipality is and any two or more municipalities acting jointly, whether situate in the same county or different counties, are, hereby empowered and authorized to construct, reconstruct, establish, acquire, improve, renovate, extend, enlarge, increase, own, equip, repair (including replacement), maintain and operate any municipal public works, together with all appurtenances necessary, appropriate, useful, convenient or incidental for or to the maintenance and operation of such works, and shall have plenary power and authority to acquire by gift, grant, purchase, condemnation or otherwise, and thereafter hold, all necessary lands, rights, easements, rights-of-way, franchises and other property therefor within or without, or partly within and partly without, the corporate limits of any such municipality or municipalities, and to issue revenue bonds to pay the costs of such public works and properties: Provided, That this section shall not be construed to authorize any municipality to construct, reconstruct, establish, acquire, improve, renovate, extend, enlarge, increase, own, equip, repair (including replacements), maintain or operate any works which would render a service already being adequately rendered within such municipality. No obligation shall be incurred by any municipality in such construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement or increase, except such as is payable solely from the funds provided under the authority of this article. Proceeds. — The proceeds of a series of general obligation bonds of a municipality is-

sued for the purpose of defraying a part of the expense of completing the construction and equipment of a municipal public work, the residue of which expense is to be paid from the sale of revenue bonds issued under this article, may be used for that purpose. Warden v. City of

Grafton, 125 W. Va. 658, 26 S.E.2d 1 (1943).

Refinancing. — Section 13-2A-3, authorizing municipalities to refinance "any enterprises" does not warrant the refinancing of three separate bond issues as a single issue, where the original bonds were issued for the purpose of financing three separate flood wall units. City of Huntington v. Heffley, 127 W. Va. 254, 32 S.E.2d 456 (1944).

Revenue bonds. — "Revenue bonds" issued by a municipality in conformity with this article are not an indebtedness of the municipality under either W. Va. Const., art. X, § 8, or § 13-1-3. Warden v. City of Grafton, 125 W. Va. 658, 26 S.E.2d 1 (1943).

When the municipal public works is a motor vehicle parking facility, any order to help finance therein shall have the plenary power and authority, in meters or other parking facilities, unless such revenue is otherwise pledged to pay for such other parking meters or other parking facilities.

When the municipal public works is a jail facility used for municipal prisoners, any municipality involved therein shall have the power and authority, in order to help finance the same, to pledge, for a period not to exceed twenty years, the proceeds derived from the imposition of fines and fees.

When the cost of the municipal public works is to be paid by special assessment against the abutting property, represented by assessment certificates which constitute a lien upon such property and said assessment certificates are pledged by any municipality to retire revenue bonds issued and sold to pay the cost thereof, the payor of such assessment certificate shall have the right to pay the same at any time before maturity, together with interest thereon to date of payment, and upon the payment of such assessment certificate the treasurer of such municipality shall deliver to the payor a release for such lien, and the funds received therefrom shall by said treasurer be deposited in a special fund to be expended only in the payment of such revenue bonds. Validity. — The validity of bonds, the proceeds of which are to be used toward the completion of a hospital owned by the municipality, under this section, is not impaired or affected by the fact that funds derived from general taxation, or from other sources, also have been, and are to be, used in the construction of the hospital. Fines. — Fines generated by a municipal court may not be pledged to retire bonds issued to finance the construction of a municipal building for the reason that municipalities do not have an express or an implied power to do so. Op. Atty Gen., June 7, 1988, No. 28.

Legislative intent. — It was the intent of

the legislature to permit municipalities to pledge the resources generated by the imposition of fines and fees for a period of not more than twenty (20) years only for jail facilities used for municipal prisoners. *Op. Atty Gen., June 7, 1988, No. 28.*

Parking meter fees of street. — This section should be construed to include the right to pledge revenues derived from on-street parking meters, not otherwise pledged, to help finance proposed off-street parking facilities, including the payment of the principal and interest on the revenue bonds. *State ex rel. Bibb v. Chambers, 138 W. Va. 701, 77 S.E.2d 297 (1953).*

A system of financing proposed off-street automobile parking facilities, whereby revenue obtained from on-street parking meters, in excess of their cost and maintenance, would be used to pay off the principal and interest of the revenue bonds issued to finance such off-street parking facilities, is not invalid on the ground that it is a revenue as distinguished from a

regulatory measure, if the fees charged for parking on both the off-street and on-street facilities are not unreasonable and are not designed to produce revenue in excess of that sufficient to cover cost and maintenance of both facilities. *State ex rel. Bibb v. Chambers, 138 W. Va. 701, 77 S.E.2d 297 (1953).*

Renting streets. — If a city has rented designated portions of the public streets to individuals, in order to obtain revenue for the city, then such rental is unauthorized and unlawful. However, if the rental is employed by the city as a manner of regulating on-street parking and the flow of traffic on its municipal streets, then the city is authorized to make such rentals. *46 Op. Atty Gen. 446 (1956).*

State employees. — Except where speed and right of way are a necessity or emergency circumstances exist, all state employees must obey municipal traffic regulations and pay parking meter fees and fines. *49 Op. Atty Gen. 202 (1961).*

PART II. CONTROL OF GOVERNING BODY OR BOARD.

§ 8-16-4. Construction, etc., to be under control of governing body or appointed board, etc.

The construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement, increase, equipment, repair (including replacements), custody, maintenance and operation of any such works, and the collection of revenues therefrom, shall be under the supervision and control of the governing body, or of a committee, by whatever name called, composed of all or a portion of the governing body when only one municipality is involved, or of a board or commission appointed by such governing body when two or more municipalities take joint action under the provisions of this article, as may be provided by the governing body or bodies.

When such supervision and control are vested in a committee, board or commission, the governing body or bodies, as the case may be, may provide, by ordinance or ordinances, for said committee, board or commission to exercise such of the functions of the governing body or bodies in connection with the matter as it or they deem proper, and may provide for said committee, board or commission to receive such compensation as such body or bodies may deem proper, all of which authority and compensation shall be specifically provided for by ordinance or ordinances. Any such committee, board or commission shall consist of the number of members fixed in the ordinance or ordinances creating the same, and the manner and mode of the selection and appointment of the members of any such board or commission shall be stated in such ordinance or ordinances. The members of any such board or commission appointed by the governing body or bodies shall be chosen without regard to their political affiliations, but with regard to their business and professional experience or standing as citizens in the community. All compensation and expenses,

including attorney's fees, of such committee, board or commission shall be paid solely from funds provided under the authority of this article. Any such committee, board or commission shall have the power to establish bylaws, rules and regulations for its own government.

When hereinafter used in this article, the term "board" shall be construed to mean the governing body or committee composed of all or a portion of the governing body when only one municipality is involved, or a board or commission appointed by the governing body when only one municipality is involved or appointed by the governing bodies when two or more municipalities take joint action under the provisions of this article, as the case may be. When each governing body shall appoint to the board the number of members which the governing bodies have agreed shall be appointed by each such governing body.

The governing body or bodies also, in its or their discretion, may provide by ordinance or ordinances for the leasing of a municipal public works and accordance with the custody, maintenance and operation thereof by a lessee in contract executed pursuant thereto: Provided, That the lessee shall pay to the municipality or municipalities for the use and occupancy of such municipal public works so leased an amount sufficient to provide a sinking fund for the payment of the bonds and the interest thereon and all other charges mentioned in section seventeen § 8-16-17 of this article. (1935, c. 68, § 3, 21, 1937, c. 55, 1961, c. 100, 1969, c. 86.)

"Committee." — A national bank may be regarded as a committee under this section. *Duling Bros. Co. v. City of Huntington, 120 W. Va. 85, 196 S.E. 552 (1938).*

Exercise of legislative powers. — Court did not enjoin municipal legislative body from exercising legislative powers in enacting a municipal ordinance involving administration of a floodwall system, concerning the public safety and health, where there was nothing in the petition for the injunction to indicate that enactment or enforcement of the ordinance would cause irreparable injury to the injunction petitioners or that there was no adequate remedy

at law. *Perdue v. Ferguson, 177 W. Va. 44, 350 S.E.2d 555 (1966).*

Racial restrictions prohibited. — A municipality may not, by leasing a swimming pool constructed with public funds to a private association of persons, relieve itself of the constitutional obligation to afford colored citizens equal rights with those of white citizens in the use of the public recreational facilities thereby provided. *Lawrence v. Hancock, 76 F. Supp. 1004 (S.D. W. Va. 1946).*

§ 8-16-4a. Additional special provisions as to motor vehicle parking facilities.

(a) The legislature hereby finds that the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion on the streets of many municipalities in this State; that the lack of adequate planning and supervision of the location of parking facilities, the parking of motor vehicles of all kinds and the lack of adequate parking facilities for motor vehicles of all kinds substantially impede the free circulation of traffic in, through and from many municipalities in this State, impede the rapid and effective fighting of fires and disposition of police officers therein, contribute to

the location and relocation of commercial and business enterprises outside of urban areas and retard the development of commerce and business within many municipalities in this State, thereby giving rise to urban blight and adversely affecting or threatening to adversely affect the tax base of such municipalities; that such parking crisis can be reduced by such municipalities providing adequate motor vehicle parking facilities strategically located there; that providing properly located terminal space for motor vehicles is a public responsibility; that fostering the development of commerce and business within municipalities, with the increased tax revenues resulting therefrom, is a public purpose; that fostering the availability of property for charitable use is a public purpose; that the closer the proximity between municipally owned motor vehicle parking facilities and commercial and business establishments the greater the development of commerce and business and the greater the level of revenue produced by such motor vehicle parking facilities; that the erection or construction of pedestrian viaducts, ramps, bridges, tunnels or other pedestrian facilities leading to and from motor vehicle parking facilities so as to facilitate the movement of pedestrians to and from such motor vehicle parking facilities fosters the development of commerce and business and increases the level of revenue produced by such motor vehicle parking facilities; that the leasing, particularly on a long-term basis, and the selling of space for commercial or business use in connection with a municipally owned motor vehicle parking facility will aid the development of commerce and business, increase the level of revenue produced by such motor vehicle parking facility and maintain and increase the tax base of such municipalities; that in many instances the authority for the leasing of space as provided for in this section would assist in financing the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement, increase, equipment or repair (including replacements) of any such motor vehicle parking facility; that the enactment of this section is for the general welfare of the public and is a public necessity; and that the means and measures authorized in this section are, as a matter of public policy, for the public purposes of such municipalities. This section is enacted in view of these findings and shall be liberally construed in the light thereof.

(b) The governing body or bodies, in its or their discretion, may provide by ordinance or ordinances:

(1) For the leasing by the board as lessor of space in or on a municipal public works which is a motor vehicle parking facility for any business, commercial or charitable use to such person, for such fair and adequate consideration, for such period or periods of time and upon such other terms and conditions as of any such space, the board may agree to. In connection with the leasing parking facility such structures, accommodations or improvements as may be necessary for such business, commercial or charitable use or such space may be leased upon condition that the lessee shall provide the same in or on the space so leased.

(2) For the leasing by the board as lessor or the selling of air space over a municipal public works which is a motor vehicle parking facility for any

business, commercial or charitable use to such person, for such fair and adequate consideration, for such period or periods of time in the case of a lease and upon such other terms and conditions as such body or bodies or the board may agree to. Any lease or deed of sale of such air space may contain provisions (i) authorizing the use of such areas of the underlying motor vehicle parking facility as are essential for ingress and egress to and from such air space, (ii) relating to the support of any building or other structure to be erected in such air space, and (iii) relating to the connection of essential public or private utilities to any building or other structure in such air space.

(3) For the erection or construction by the board of any pedestrian viaduct, ramp, bridge, tunnel or other pedestrian facility leading to and from a municipal public works which is a motor vehicle parking facility; and from all purposes of this article, be considered to be a part of a municipal public works which is a motor vehicle parking facility with like effect as if the term "municipal public works" were expressly defined in section one (§ 8-16-1) of this article to include pedestrian viaducts, ramps, bridges, tunnels or other pedestrian facilities; Provided, That any cost incurred by any municipality or municipalities in erecting or constructing any such pedestrian viaduct, ramp, bridge, tunnel or other pedestrian facility which connects a municipal public works which is a motor vehicle parking facility with a privately owned building or buildings or other privately owned structure or structures shall be paid for by the owner or owners of such building or buildings or such other structure or structures.

Any such lease may be privately negotiated without any public notice or advertising, and any such sale may be a public sale pursuant to the provisions of section eighteen (§ 8-12-18), article twelve of this chapter or such sale may be privately negotiated, notwithstanding the provisions of said section eighteen.

(c) The proceeds received from any lease, sale or payment as provided in this section shall be deemed revenue of the works and used as provided in section seventeen (§ 8-16-17) of this article.

(d) Notwithstanding the fact that any motor vehicle parking facility subject to the provisions of this article is municipally owned and the fact that a lease or sale under the provisions of subdivision (1) or subdivision (2), subsection (b) of this section is for a public purpose as declared in subsection (a) of this section, any leasehold interest under said subdivision (1), and any building, structure, accommodation or improvement erected, made or operated in any air space leased or sold under said subdivision (1), and any building, property taxes, which shall be assessed and imposed against the lessee or grantee, as the case may be, unless the use of such leasehold interest, building, structure, accommodation or improvement is otherwise exempt from property taxation under the provisions of section nine (§ 11-3-9), article three, chapter eleven of this code. (1971, c. 99.)

Constitutionality. — This section is not in contravention of W. Va. Const., art. X, §§ 1 and 3 or art. III, §§ 9 and 10 or of the Fourteenth Amendment to the Constitution of the United States. State ex rel. City of Charleston v. Coghill, 156 W. Va. 877, 207 S.E.2d 113 (1973).

Inasmuch as this section has been construed by West Virginia's highest court to restrict private leasing to incidental space, and in view of the availability of adequate means by which the property owner can insist that this test be met prior to condemnation, the section is constitutional. *Washington-Summers, Inc. v. City of Charleston*, 430 F. Supp. 1013 (S.D.W. Va. 1977).

§ 8-16-4b. Additional special provision as to the use of space in motor vehicle parking facilities.

(1974, c. 47.)

All such compensation and expenses incurred in carrying out the provisions of this article shall be paid solely from funds provided under the authority of this article, and the board shall not exercise or carry out any power or authority herein given it so as to bind said board or any municipality beyond the extent to which money shall have been, or may be provided under the authority of this article. (1935, c. 68, § 4; 1969, c. 86.)

§ 8-16-6. Preliminary expenses.

All necessary preliminary expenses actually incurred by the board of any municipality or municipalities in the making of surveys or estimates of cost and of revenues, employment of engineers or other employees, the giving of notices, the taking of options, and all other expenses of whatsoever nature necessary to be paid prior to the issue, sale and delivery of the revenue bonds herein provided for, may be paid by the municipality or municipalities, to be reimbursed and repaid out of the proceeds of the sale of such revenue bonds be used for the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement, increase, equipment or repair (including replacements) of such works as hereinafter provided. (1935, c. 68, § 5; 1969, c. 86.)

§ 8-16-7. Ordinance for construction, etc., of works.

Before any municipality or municipalities shall, under the provisions of this article, construct, reconstruct, establish, acquire, improve, renovate, extend, enlarge, increase, equip or repair (including replacements) any municipal public works, the governing body, or the governing body of each participating municipality, shall enact an ordinance or ordinances, which shall (a) set forth a brief and general description of the works, including a reference to the preliminary report or plans and specifications which shall theretofore have been prepared; (b) set forth the estimated cost thereof; (c) order the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement, increase, equipment or repair (including replacements) of such works; (d) direct that municipal revenue bonds be issued pursuant to this article, in such amount as may be found necessary to pay the cost of the works; (e) contain such provisions as the governing body determines are necessary or desirable with regard to the establishment and setting aside of reserves from the proceeds of such revenue bonds or from the revenues of said works, or from both, and the administration and disposition thereof; and (f) contain such other provisions as may be necessary or proper in the premises. When two or more municipalities take joint action under the provisions of this

article, a certified copy of each such ordinance shall be filed in the office of the clerk of the county commission of the county or counties in which the municipalities are located and in the office of the state tax commissioner, and when any such municipality is located in more than one county, the filing of that municipality shall be in the office of the clerk of the county commission in which the major portion of the territory of such municipality is located. Before any such ordinance shall become effective, an abstract of the ordinance, determined by the governing body or each governing body, as the case may be, to contain sufficient information as to give notice of the contents of such ordinance, together with the following described notice, shall be published as a Class II legal advertisement in compliance with the provisions of article three [§ 59-3-1 et seq.], chapter fifty-nine of this code, and the publication area for such publication shall be such municipality or each such municipality, as the case may be. The notice to be published with said abstract of the ordinance shall specify a date, time and place for a public hearing, the date being not less than ten days after the first publication of said abstract and notice and not all parties and interest may appear before the governing body of the municipality or each such municipality and may be heard as to whether or not said ordinance shall be put into effect, and said notice shall also identify the office interested persons during the office hours of such office. At such hearing all objections and suggestions shall be heard and the governing body or each such governing body shall take such action as it or they shall deem proper in the premises: Provided, That if at any such hearing written protest is filed by thirty percent or more of the freeholders of the municipality for which the hearing is held, then the governing body of said municipality shall not take further action unless four fifths of the members of said governing body assent thereto: Provided, however, That in case written protest is filed by thirty percent or more of the freeholders as herein provided, any such governing body shall have authority to appoint a committee to consist of one proponent, one opponent, and the third to be selected by these two, to determine whether or not thirty percent of the freeholders have in fact protested and said committee shall report its findings to any such governing body. (1935, c. 68, § 6; 1967, c. 105; 1969, c. 86; 1971, c. 193; 1973, c. 89; 1981, 1st Ex. Sess., c. 2.)

"Estimated cost." — The provision requiring an ordinance to set forth the estimated cost of the construction of a public work refers to the cost of the proposed work to the municipality, and not to other contributions. *Smith v. City of Parkersburg*, 125 W. Va. 415, 24 S.E.2d 588 (1943).

Purpose of ordinance. — The purpose of the ordinances required by this section is plainly to inform the residents and taxpayers of the municipalities concerned as to the outlay by them, and the expected returns from the special assessment to be laid. *Smith v. City of Parkersburg*, 125 W. Va. 415, 24 S.E.2d 588 (1943).

Repeal of ordinance. — An ordinance providing for the collection of just and reasonable rates or charges for the use or services rendered by a municipal public works in order to pay cost of operating and maintaining such works and from its net earnings, to meet the interest charges upon, and provide for the retirement of, the outstanding bonds which have been made a direct charge upon the net earnings and capital investment of such works under the provisions of this article, the ordinance providing the only means by which such works can earn money, cannot, while the bonds are outstanding, be repealed. *State ex rel. PART IV. RIGHT OF EMINENT DOMAIN.

§ 8-16-8. Right of eminent domain.

Every such municipality shall have plenary power and authority to condemn any such municipal public works to be acquired, and any land, rights, easements, rights-of-way, franchises and other property, real or personal, deemed necessary, appropriate, useful or convenient for, and incidental to, the construction, reconstruction or establishment of any such works and space for business, commercial or charitable use in connection therewith, and for the improvement, renovation, extension, enlargement, increase or space for thereof or thereto, and in connection therewith shall have and may exercise all the rights, power, authority and privileges of eminent domain granted to municipalities under the laws relating thereto. Title to property shall be taken in the name of the municipality or jointly in the names of the participating municipalities. Proceedings for such appropriation of property shall be under and pursuant to chapter fifty-four [§ 54-1-1 et seq.] of this code: Provided, That any such municipality shall be under no obligation to accept and pay for any property condemned, and shall in no event pay for any property condemned or purchased, except from funds provided under the authority of this article, and in any proceedings to condemn, such orders may be made as may be just to any such municipality and to the owners of the property to be condemned; and any understanding or other security may be required securing such owners against any loss or damage which may be sustained by reason of the failure of any such municipality to accept and pay for the property, but such undertaking or security shall impose no liability upon any such municipality, except such as may be paid from the funds provided under the authority of this article.

In the event of acquisition by purchase, the board may obtain and exercise an option from the owners of said property for the purchase thereof, and may enter into a contract for the purchase thereof, and such purchase may be made upon such terms and conditions, and in such manner as the board may deem proper: Provided, however, That the exercise of such option, or the contract for such purchase, or such purchase shall in no event create any obligation of any such municipality, or create any debt, liability or claim, except such as may be discharged or paid from the funds provided under the authority of this article. In the event of the acquisition of any works already constructed by purchase or condemnation, the board at or before the time of the adoption of any ordinance described in section seven [§ 8-16-7] hereof, shall cause to be determined what reconstruction, improvement, renovation, extension, enlargement, increase, equipment or repair (including replacements) will be necessary, in order that such works and space for business, commercial or charitable use in connection therewith, if any, may be effective for their

purpose, and an estimate of the cost thereof shall be included in the estimate of the cost required by section seven hereof, and the same shall be made upon the acquisition of the works and as a part of the cost thereof. Provided further, That no municipality or municipalities shall, under the authority conferred by this article, condemn any existing privately owned works (other than motor vehicle parking facilities) in operation at the date of the condemnation. (1935, c. 68, § 7; 1969, c. 86; 1971, c. 99.)

PART V. REVENUE BOND FINANCING.

§ 8-16-9. Bonds for improvements, etc., of works.

Whenever any municipality or municipalities now, or hereafter, shall own and maintain and operate any of the works herein referred to, whether constructed, reconstructed, established or acquired under the provisions of this article or not, and shall desire to improve, renovate, extend, enlarge, increase, equip or repair (including replacements) the same, it may issue revenue bonds, under the provisions of this article, to pay for the same, and the procedure therefor, including fixing all rates and the computation of the amount thereof, shall be the same as in this article provided for the issuance of bonds for the construction, reconstruction, establishment or acquisition of any such works in or by any such municipality which has not theretofore owned and maintained and operated any such works: Provided, That no existing obligations or rights shall be affected or impaired thereby. (1935, c. 68, § 8; 1969, c. 86.)

§ 8-16-10. Items of expense included in cost of works.

The cost of the works shall be deemed to include the cost of construction, reconstruction, establishment or acquisition thereof, the cost of all land, rights, easements, rights-of-way, franchises and other property, real or personal, deemed necessary, appropriate, useful, convenient or incidental therefor or thereto and for the improvement, renovation, extension, enlargement, increase, equipment or repair (including replacements) determined upon; the interest upon bonds prior to and during the project and for six months after completion thereof, the amount of any reserve funded from the proceeds of bonds; engineering and legal expenses; expenses for estimates of cost and of revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expenses; and such other expenses as may be necessary or incident to the financing herein authorized, the project, the placing of the works in operation and the performance of the things herein required or permitted in connection with any thereof. § 8-16-11. No municipality is to incur any obligation not payable from proceeds of bonds; exemption from taxation.

Nothing in this article contained shall be so construed as to authorize or permit any municipality or municipalities to make any contract or incur any obligation of any kind or nature, except such as shall be discharged or payable solely from the funds provided under the authority of this article. Funds for the payment of the entire cost of the works shall be provided by the issuance of revenue bonds of the municipality or municipalities, the principal and interest of which bonds shall be payable solely from the special fund for such payment herein provided for, and said bonds shall not in any respect be a corporate indebtedness of such municipality or municipalities. All such bonds and the interest thereon, and all properties and revenues and income derived from such municipal public works, shall be exempt from all taxation by this State, or any county, municipality, political subdivision or agency thereof. All of the details of such bonds and the issuance thereof shall be determined by ordinance of the governing body or bodies. (1935, c. 68, § 10; 1969, c. 86.)

Transfer of funds. — This section does not preclude a municipality from transferring funds for the purpose of servicing debt, where the transfer does not obligate the municipality in any way, the principal and interest of the revenue bonds remaining payable only from a fund made up of parking fees. *Op. Atty. Gen.*, Aug. 31, 1979, No. 27.

This section prevents a bondholder from expecting payment from any source save the fund set up for the purpose, but does not prevent a

city from gratuitously transferring funds for the purpose of servicing revenue bonds provided that the city is not obligated to do so. *Op. Atty. Gen.*, Aug. 31, 1979, No. 27.

Neither the "self supporting" provision of § 8-16-1 nor the "no obligation" provision of this section prevents a municipality from transferring funds to a public works authority to service revenue bonds. *Op. Atty. Gen.*, Aug. 31, 1979, No. 27.

§ 8-16-12. Interest rate and life of bonds; redemption; how payable; form, denominations, etc.; additional bonds authorized; interim certificates.

Such revenue bonds shall bear interest at not more than twelve percent per annum, payable semiannually, or at shorter intervals, and shall mature at such time or times, not exceeding forty years, as may be determined by the ordinance or ordinances authorizing the issuance of such bonds. Such bonds may be made redeemable before maturity, at the option of the municipality or municipalities issuing the same, to be exercised by said board, at not more than the par value thereof, and at a premium of not more than five percent, under such terms and conditions as may be fixed by the ordinance or ordinances authorizing the issuance of the bonds. The principal and interest of

the bonds may be made payable in any lawful medium. Such ordinance or ordinances shall determine the form of the bonds, either coupon or registered, shall set forth any registration or conversion privileges, and shall fix the denomination or denominations of such bonds, and the place or places of the payment of the principal and interest thereof, which may be at any banking institution or trust company within or without the State. When two or more municipalities take joint action under the provisions of this article, the bonds shall be issued by the participating municipalities either as separate or joint bonds, as the governing bodies thereof may agree, and when separate or joint are issued, the amount of the bonds to be issued by each participating municipality shall be fixed by agreement of the governing bodies of the participating municipalities set forth in the ordinance of each participating municipality authorizing the issuance of such bonds. The bonds shall contain a statement on their face that the municipality or municipalities issuing the same shall not be obligated to pay the same, or the interest thereon, except from the special fund derived from the net revenue of the works, or the pro rata part thereof, as provided for in section eleven (§ 8-16-11) hereof. All such bonds shall be, and shall have and are hereby declared to have all the qualities and incidents of negotiable instruments, under the Uniform Commercial Code of this State. The bonds shall be executed in such manner as the governing body or bodies may direct. The bonds shall be sold by the governing body or bodies in such manner as may be determined to be for the best interest of the municipality or municipalities. Provided, That said bonds shall not be negotiated at a price lower than a price which when computed to maturity upon standard tables of bond values will show a net return of more than thirteen percent per annum to the purchaser upon the amount paid therefor. Any surplus of the bond proceeds over and above the cost of the project shall be paid into the sinking fund hereinafter provided for. If the proceeds of the bonds, by error of calculation or otherwise, shall be less than the cost of the project, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the ordinance or ordinances authorizing the issuance of the bonds first issued, or in the trust indenture hereinafter authorized, shall be deemed to be of same issue, and shall be entitled to payment without preference or priority of the bonds first issued; and if any preference or priority of the bonds first issued is provided for in the ordinance or ordinances authorizing the issuance of the bonds first issued or in said trust indenture, such preference or priority shall not extend to an amount exceeding ten percent of the original issue. Prior to the preparation of the definitive bonds, interim certificates may, under like restrictions, be issued, exchangeable for definitive bonds upon the issuance of the latter. (1935, c. 68, § 11; 1969, c. 86; 1970, c. 7; 1980, c. 33; 1981, 1st Ex. Sess., c. 2.)

Editor's notes.—The Uniform Commercial Code is codified as § 46-1-101 et seq.
Early redemption.—A city has no authority to establish a scheme requiring early redemption, thereby eliminating its option either to call bonds early or not to do so. *City of Fairmont v. Investors Syndicate of Am., Inc.*, 172 W. Va. 431, 307 S.E.2d 467 (1983).

§ 8-16-13. Obligations not to bind municipal official or officer or member of board personally.

No municipal official or officer or member of the board shall in any event be personally liable upon any contract or obligation of any kind or character executed under the authority herein contained, even if said undertaking should thereafter be held ultra vires. (1935, c. 68, § 12; 1969, c. 86.)

§ 8-16-14. Additional bonds for improvements, etc., of works.

The governing body or bodies may provide by the said ordinance or ordinances authorizing the issuance of the bonds or in the trust indenture hereinafter referred to, that additional bonds may thereafter be authorized and issued at one time, or from time to time, under such limitations and restrictions as may be set forth in said ordinance or ordinances, and enlarging, increasing, equipping or repairing (including replacements) the works when deemed necessary in the public interest, such additional bonds to be secured, and be payable from the revenues of the works, as provided for in section nine (§ 8-16-9) of this article. (1935, c. 68, § 13; 1969, c. 86.)

§ 8-16-15. How proceeds of bonds applied.

All moneys received from the sale of any bonds issued under the authority of this article, after reimbursements and repayments to said municipality of municipalities of all amounts advanced for preliminary expenses, as provided in section six (§ 8-16-6) of this article, shall be applied solely to the payment and there is hereby, created and granted a lien upon such moneys, until so applied, in favor of the holders of the bonds or the trustees hereinafter provided for. (1935, c. 68, § 14; 1969, c. 86.)

§ 8-16-16. Bonds secured by trust indenture between municipality or municipalities and corporate trustee.

In the discretion and at the option of the governing body or bodies such bonds may be secured by a trust indenture by and between such municipality or municipalities and a corporate trustee, which may be a trust company or banking institution having powers of a trust company within or without the State. The ordinance or ordinances authorizing the issuance of the revenue bonds, and fixing the details thereof, may provide that such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of bondholders as may be reasonable and proper, not in violation of law, including covenants setting forth the duties of the municipality or municipalities and the board in relation to the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement,

increase and equipment of the project and the repair (including replacements), maintenance, operation and insurance thereof, and the custody, safeguarding and application of all moneys, and may provide that the project shall be contracted for, carried out and paid for, under the supervision and approval of the consulting engineers employed or designated by the board and satisfactory to the original bond purchasers, their successors, assignees or nominees, who may be given the right to require the security given by contractors and by any depository of the proceeds of bonds or revenues of the works or other moneys pertaining thereto be satisfactory to such purchasers, their successors, assignees or nominees. Such indenture may set forth the rights and remedies of the bondholders or such trustee, or both. Except as in this article otherwise provided, the governing body or bodies may provide by ordinance or ordinances or in such trust indenture for the payment of the proceeds of the sale of the bonds and the revenues of the works to such officer, board or depository, as such body or bodies may determine for the custody thereof, and for the method of distribution thereof, with such safeguards and restrictions as such body or bodies may determine. (1935, c. 68, § 15; 1969, c. 86.)

§ 8-16-17. Sinking fund; sinking fund commission; transfer of funds; purchase of outstanding bonds.

Before the issuance of any such bonds, the governing body or bodies shall, by ordinance or ordinances, provide for a sinking fund for the payment of the bonds and the interest thereon, and the payment of the charges of banking institutions or trust companies for making payment of such bonds and interest, out of the net revenues of said works, and shall set aside and pledge a sufficient amount of the net revenues of the works hereby defined to mean the revenues of the works remaining after the payment of the reasonable expenses of repair (including replacements), maintenance and operation, such amount to be paid by the board into the sinking fund at intervals, to be determined by ordinance or ordinances adopted prior to the issuance of the bonds, for (a) the interest upon such bonds as such interest shall fall due; (b) the necessary fiscal agency charges for paying bonds and interest; (c) the payment of the bonds as they fall due, or if all bonds mature at one time, the proper maintenance of a sinking fund sufficient for the payment thereof at such time; and (d) a margin for safety and for the payment of premium upon bonds retired by call or purchase as herein provided, which margin, together with unused surplus of such margin carried forward from the preceding year and the amounts set aside as reserved out of the proceeds from the sale of the bonds, or from the revenues of said works, or from both, shall equal ten percent of all other amounts so required to be paid into the sinking fund. Such required payments shall constitute a first charge upon all the net revenues of the works. Prior to the issuance of the bonds, the board may, by ordinance or ordinances, be given the right to use or direct the trustee or the state sinking fund commission to use such sinking fund, or any part thereof, in the purchase of any of the outstanding bonds payable therefrom, at the market prices thereof, but not exceeding the price, if any, at which the same shall in the same year be payable

or redeemable, and all bonds redeemed or purchased shall forthwith be cancelled, and shall not again be issued. After the payments into the sinking fund as herein required and after reserving an amount deemed by the board sufficient for repair (including replacements), maintenance and operation for an ensuing period of not less than twelve months and for depreciation, the board may at any time in its discretion transfer all or any part of the balance of the net revenues into the sinking fund or into a fund for improvement, renovation, extension, enlargement, increase or equipment for or to the works, or the governing body or bodies may, notwithstanding the provisions of section twenty [§ 8-13-20], article thirteen of this chapter, transfer all or any part of the balance of the net revenues to the general or any special fund of the municipality or municipalities and use such revenues for any purpose for which such general or special fund may be expended.

All amounts for the sinking fund and interest, as and when set apart for the payment of same, shall be remitted to the state sinking fund commission at such periods as shall be designated in the ordinance or ordinances, but in any event at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this article and the ordinance or ordinances pursuant to which such bonds have been issued. The state sinking fund commission is hereby authorized to act as fiscal agent for the administration of such sinking fund under any ordinance or ordinances passed or adopted pursuant to the provisions of this article and shall invest all sinking funds as provided by general law. (1935, c. 68, § 16; 1969, c. 86; 1971, c. 99; 1973, c. 89.)

PART VI. IMPOSITION OF RATES OR CHARGES.

§ 8-16-18. Rates or charges for services rendered by works.

The governing body shall have plenary power and authority and it shall be its duty, by ordinance, to establish and maintain just and equitable rates or charges for the use and services rendered, or the improvement or protection of the same, receiving the services thereof, or owning the property improved or protected thereby, and may readjust such rates or charges from time to time. When two or more municipalities take joint action under the provisions of this article, such rates or charges shall be established by each participating municipality, with the concurrence of the other participating municipality or municipalities as to the amount of such rates or charges, and such rates or charges may be the same with respect to each municipality, or they may be different.

Rates or charges heretofore or hereafter established and maintained for the improvement or protection of property, provided or afforded by a municipal

flood control system or flood walls, to be paid by the person owning the property improved or protected thereby, shall be collectible and enforceable from the time provided in any such ordinance, any provision of this or any other law to the contrary notwithstanding, if, at such time, such works, though not yet fully completed, are nearing completion and such governing body is reasonably assured that such works will be completed and placed in operation without unreasonable delay.

All rates or charges shall be sufficient in each year for the payment of the proper and reasonable expenses of repair (including replacements), maintenance and operation of the works, and for the payment of the sums herein required to be paid into the sinking fund.

Revenues collected pursuant to the provisions of this section shall be deemed the revenues of the works. No such rates or charges shall be established until after a public hearing at which all the users of the works and owners of the property served, or to be served thereby, and others interested, shall have an opportunity to be heard concerning the proposed rates or charges. After introduction of the proposed ordinance fixing such rates or charges and before the same is finally adopted, notice of such hearing, setting forth the proposed schedule of such rates or charges, shall be given by publishing the same as a Class I-0 legal advertisement in compliance with the provisions of article three § 59-3-1 et seq., chapter fifty-nine of this code, and the publication area for such publication shall be such municipality or each such municipality, as the case may be. Said notice shall be published at least five days before the date fixed in such notice for the hearing, which hearing may be adjourned from time to time. No other or further notice to parties in interest shall be required. After such hearing the ordinance establishing rates or charges, either as originally proposed or introduced, or as modified and amended, shall be adopted and put into effect. A copy of the schedule of such rates and charges so established shall be kept on file in the office of the board having charge of such works, and also in the office of the governing body or bodies, and shall be open to inspection by all parties in interest. The rates or charges so established for any class of users or property served shall be extended to cover any additional class of users or property thereafter served which fall within the same class, without the necessity of any hearing or notice. Any change or adjustment of rates or charges may be made in the same manner as such rates or charges were originally established as hereinabove provided. The aggregate of the rates or charges shall always be sufficient for the expenses of repair (including replacements), maintenance and operation, and for the sinking fund payments. If any rate or charge so established shall not be paid within thirty days after the same is due, the amount thereof may be recovered by the board in a civil action in the name of the municipality or municipalities, and in the case of charges due for services rendered, such charges, if not paid when due, may, if the governing body so provide in the ordinance provided for under section seven § 8-16-7 of this article, constitute a lien upon the premises served by such works, which lien may be foreclosed against such lot, parcel of land or building so served, in accordance with the laws relating to the foreclosure of liens on real property. Upon failure of any person receiving any such service to

pay for the same when due, the board may discontinue such service without notice. (1935, c. 68, § 17; 1949, c. 85; 1967, c. 105; 1969, c. 86.)

"Charges."—The word "charges" as used in this section includes a special assessment against real estate. *City of Moundsville v. Brown*, 125 W. Va. 779, 25 S.E.2d 900 (1943), modified, 127 W. Va. 602, 34 S.E.2d 321 (1945).

Collection of assessments.—Assessments made by a municipality against the owner of land abutting on a street paved or repaved as a municipal public works project may be collected by an action or suit in the name of the municipality. And this is true even though such land is held by trustees. *City of Moundsville v. Brown*, 127 W. Va. 602, 34 S.E.2d 321 (1945).

Repeal of ordinance.—An ordinance providing for the collection of just and reasonable

rates or charges for the use or services rendered by a municipal public works in order to pay cost of operating and maintaining such works and, from its net earnings, to meet the interest charges upon, and provide for the retirement of, the outstanding bonds which have been made a direct charge upon the net earnings and capital of this article, the ordinance providing the only means by which such works can earn money cannot, while the bonds are outstanding, be repealed. *State ex rel. Klostermeyer v. City of Charleston*, 130 W. Va. 490, 45 S.E.2d 7 (1947). *Cited in* *Petru v. Ferguson*, 177 W. Va. 44, 350 S.E.2d 555 (1986).

§ 8-16-18a. Pledge of the hotel occupancy tax; contribution of revenues to building commission.

In addition to the rates or charges authorized to be pledged and expended for the security and payment of bonds as provided in this article, the governing body issuing such bonds shall have plenary power and authority to pledge and expend for the security and payment of such bonds all, or any part, of the revenues which are derived from the hotel occupancy tax which a municipality may impose pursuant to section three § 8-13-3, article thirteen of this chapter and which are specifically dedicated by such governing body for any purpose or purposes set forth in section three, article thirteen of this chapter. All such sums which are so pledged shall be deemed "revenues of the works" for all purposes of the provisions of this article. The governing body shall also have the power and authority to contribute all, or any part of, the revenues derived from said hotel occupancy tax to a building commission created by such governing body pursuant to article thirty-three § 8-33-1 et seq., chapter eight of this code for such lawful purposes which such building commission shall determine and which are set forth in section three, article thirteen of this chapter, including payment of revenue bonds issued by such building commission. (1976, c. 82.)

§ 8-16-19. Appeal to public service commission from rates fixed.

If any party in interest is dissatisfied with the rates fixed under the provisions of the immediately preceding section § 8-16-18 of this article, such party shall have the right to appeal to the public service commission at any time within thirty days after the fixing of such rates by the governing body, but the rates so fixed by the governing body shall remain in full force and effect, until set aside, altered or amended by the public service commission. (1935, c. 68, § 18; 1969, c. 86.)

Editor's notes. — The language referring to "the immediately preceding section" was rendered obsolete by the addition of § 8-16-18a. The reference is presumably intended to be to § 8-16-18.

Special assessments. — Even if this section applies to special assessments (which the court did not concede) it cannot be extended, because such extension is expressly excluded by § 8-16-26. *Duling Bros. Co. v. City of Huntington*, 120 W. Va. 85, 196 S.E. 552 (1938).

PART VII. ACCOUNTING SYSTEM AND RECORDS.

§ 8-16-20. Accounting system; yearly audit; custodian of funds.

Any municipality or municipalities issuing revenue bonds under the provisions of this article shall install and maintain a proper system of accounting, showing the amount of revenues received and the application of the same, and the governing body or bodies shall, at least once a year, cause such accounts to be properly audited by a competent auditor, and the report of such auditor shall be open for inspection at all proper times to any taxpayer or resident of said municipality or municipalities, or person receiving service from said works, or any holder of bonds issued under the provisions of this article, or anyone acting for in behalf of such taxpayer, resident, person or bondholder. The treasurer of such municipality or each such municipality, or other official or institution specifically charged with the duty, shall be the custodian or custodians of the funds derived from income received from said works, and shall give proper bond or bonds for the faithful discharge of his or its or their duties as such custodian or custodians, which bond or bonds shall be fixed and approved by the governing body or bodies. All of the funds received as income from said works under the provisions of this article and all funds received from the sale of revenue bonds issued therefor shall be kept separate and apart from other funds of the municipality or municipalities, and separate accounts shall be maintained for the several items required to be set up by the provisions of section seventeen [§ 18-16-17] of this article. (1935, c. 68, § 19, 1969, c. 86.)

Applied in *State ex rel. City of Charleston v. Hutchinson*, 154 W. Va. 585, 176 S.E.2d 691 (1970).

Stated in *City of Fairmont v. Investors Syndicate of Am., Inc.*, 172 W. Va. 431, 307 S.E.2d 467 (1983).

PART VIII. RATES OR CHARGES FOR MUNICIPALITIES.

§ 8-16-21. Municipality or municipalities to pay established rates or charges for services rendered to it or them.

The municipality or municipalities issuing such bonds shall be subject to the same rates or charges established as hereinbefore provided, or to rates or charges established in harmony therewith, for service rendered to the municipality or municipalities and shall pay such rates or charges, when due, from corporate funds, and the same shall be deemed to be a part of the revenues of the works as herein defined, and may be applied as herein provided for the application of such revenue. (1935, c. 68, § 20, 1969, c. 86.)

PART IX. LIENS AND PROTECTION OF BONDHOLDERS.

§ 8-16-22. Statutory mortgage lien upon works created.

There shall be and there is hereby created and granted a statutory mortgage lien upon such municipal public works constructed, reconstructed, established, acquired, improved, renovated, extended, enlarged, increased, equipped or repaired (including replacements) under the provisions of this article, which shall exist in favor of the holder of said bonds, and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such municipal public works shall remain subject to such statutory mortgage lien until payment in full of the principal of and interest upon said bonds. (1935, c. 68, § 22, 1969, c. 86.)

Ordinance held valid. — A provision in an ordinance, authorizing the issuance of a series of revenue bonds under this article for the completion of a hospital building owned by the city, which bonds are made a "statutory mortgage lien" on the hospital when completed and on the equipment and future additions thereto, and which provision pledges all of the profits therefrom for the payment of the bonds and interest thereon, is valid under the provisions of this section. *Warden v. City of Cranston*, 125 W. Va. 658, 26 S.E.2d 1 (1943).

§ 8-16-23. Acquisition of property on which lien exists.

No property shall be acquired under the provisions of this article upon which any lien or other encumbrance exists, unless at the time such property is acquired a sufficient sum of money be deposited in trust to pay and redeem such lien or encumbrance in full. (1935, c. 68, § 23, 1969, c. 86.)

§ 8-16-24. Protection and enforcement of rights of bondholders, etc.; receivership; effect of receivership on lease agreement.

Any holder of any such bonds, or any of the coupons attached thereto, and the trustee, if any, except to the extent that the rights herein given may be restricted by the ordinance authorizing the issuance of the bonds or by the trust indenture, may by civil action, mandamus or other proper proceeding enforce the statutory mortgage lien created and granted in section twenty-two [§ 8-16-22] of this article, protect and enforce any and all rights granted hereunder or under any such ordinance or trust indenture, and may proceed and compel performance of all duties required by the provisions of this article or by any such ordinance or trust indenture, and may enforce pality or municipalities, or by the board or any officer, including the making and collecting of reasonable and sufficient rates or charges for services rendered by the works. If there be default in the payment of the principal of or interest upon any of the bonds, or of both principal and interest, any court having jurisdiction shall appoint a receiver to administer the works on behalf of the municipality or municipalities, and the bondholders or trustee, or both, except as so restricted, with power to charge and collect rates or charges sufficient to provide for the payment of the expenses of repair (including replacements), maintenance and operation, and also to pay any bonds and

interest outstanding, and to apply the income or other revenue in conformity with this article, and the said ordinance or trust indenture, or both, and the power herein provided for the appointment of a receiver and the administration by the court of the works on behalf of the municipality or municipalities, and the bondholders or trustee, or both, shall apply to cases where such works are operated by a lessee of the municipality or municipalities as well as to cases where works are operated by the municipality or municipalities. In case a receiver is appointed for works operated by a lessee of a municipality or municipalities, the lease agreement then existing between the municipality or municipalities and the lessee ipso facto thereby shall be terminated and all property, equipment, bills receivable and assets of every kind, used in connection with the operation of such works, shall pass to the receiver and upon the termination of such receivership, such works, equipment, property, bills receivable and assets of every kind then in the hands of the receiver thereupon shall pass to the municipality or municipalities. (1935, c. 68, § 24; 1937, c. 55; 1969, c. 86.)

Rules of Civil Procedure. — As to receivers, see Rule 66.

Mandamus. — Under the provisions of this section, mandamus is a proper remedy to be pursued by the holder of a municipal revenue bond to enforce the performance of the duties imposed upon the city by this article, the duties of the city council in discharging such obligations being administrative and not legislative. *State ex rel. Klostermeyer v. City of Charleston*, 130 W. Va. 490, 45 S.E.2d 7 (1947).

A default in the payment of interest charges or principal of bonds issued under this article is not first required before mandamus lies under this section to compel performance of duties imposed upon city issuing such bonds. *State ex rel. Klostermeyer v. City of Charleston*, 130 W. Va. 490, 45 S.E.2d 7 (1947).

PART X. CONSTRUCTION; EXTRATERRITORIAL JURISDICTION.

§ 8-16-25. Article confers additional power and authority; extraterritorial jurisdiction.

The power and authority herein granted shall be in addition to and not in derogation of any power and authority vested in any municipality under any constitutional, statutory or charter provisions which may now or hereafter be in effect. For all purposes of this article, municipalities shall have jurisdiction for ten miles outside of the corporate limits thereof, except where such zone would overlap with the zone of another municipality, in which event the meridian line of the overlapping zone shall be the dividing line of their respective jurisdictions, except that one municipality shall have jurisdiction within such ten-mile zone and may overlap into the zone of another municipality or municipalities with the consent thereof. (1935, c. 68, § 25; 1949, c. 86; 1969, c. 86.)

Construction. — This section clearly means that no part of this article shall operate to limit, restrict, modify or repeal any authority which a

municipality had from any other source. *Warden v. City of Grafton*, 125 W. Va. 658, 26 S.E.2d 1 (1943).

§ 8-16-26. Construction of power and authority conferred.

This article shall, without reference to any other statute or charter provision, be deemed full authority for the construction, reconstruction, establishment, acquisition, improvement, renovation, extension, enlargement, increase, equipment, repair (including replacements), maintenance and operation of the works herein provided for, and for the issuance and sale of the bonds by this article authorized, and shall be construed as an additional alternative method thereof, and for the financing thereof, and no petition or other or further proceeding in respect to any such project, or to the issuance or sale of bonds under this article, and no publication of any ordinance, notice or proceeding required, except such as are prescribed in this article, any provisions of other statutes of the State to the contrary notwithstanding. (1935, c. 68, § 26; 1969, c. 86.)

§ 8-16-27. Article liberally construed.

This article being necessary for the public health, safety and welfare shall be liberally construed to effectuate the purposes thereof. (1935, c. 68, § 27; 1969, c. 86.)

Legislative intent. — It is evident that the legislature, in enacting this chapter as a measure to promote public health, safety and welfare, intended it to have broad scope and wide application to public improvements beneficial to the public health, safety and welfare of municipalities in all sections of the State. *State ex rel. Holbert v. Robinson*, 134 W. Va. 524, 59 S.E.2d 884 (1950). See also *State ex rel. Bibb v. Chambers*, 138 W. Va. 701, 77 S.E.2d 297 (1953).

§ 8-16-28. Reference to "municipal authorities" or "municipal authority" elsewhere in law to mean "governing body" for the purposes of this article only.

In elaboration of the provisions of section eight (§ 8-1-8), article one of this chapter, wherever in this code, in any act, in general law, elsewhere in law, in any charter, in any ordinance, resolution or order, or in any ordinance, resolution or order of a county court (county commission), reference is made to the term "municipal authorities" or "municipal authority" within the meaning of the provisions of former article four-a of this chapter, such reference shall henceforth be read, construed and understood to mean "governing body" as that term is used in this article sixteen (§ 8-16-1 et seq.) only. (1969, c. 86.)

§ 18B-1-1. Legislative purpose; creation of governing boards.

The purpose of the Legislature in the enactment of this article is to establish a governance structure for the state institutions of higher education consisting of a board to govern the University of West Virginia system, designated the "University of West Virginia Board of Trustees," and a board to govern the state college system, designated the "Board of Directors of The State College System."

In furtherance of this purpose, there are hereby created two governing boards to be known as the university of West Virginia board of trustees, and as such may contract and be contracted with, plead and be impleaded, sue and be sued, and have and use common seals. (1989, c. 64.)

Cited in *Graf v. West Va. Univ.*, 189 W. Va. 214, 429 S.E.2d 496 (1992).

§ 18B-1-1a. Goals for post-secondary education.

(a) *Findings and directives.* — The Legislature finds that higher education is a vital force in the future of West Virginia. For the state to realize its considerable potential in the twenty-first century, West Virginia should invest in its people through a strong and dynamic higher education system.

The Legislature further finds that the people of West Virginia have demonstrated their support for this finding through their involvement and comments at meetings held throughout the state pursuant to Senate Concurrent Resolution No. 30 adopted at the regular session of the West Virginia Legislature, one thousand nine hundred ninety-two. The Legislature, also, endorses the report submitted by the higher education advocacy team pursuant to said resolution and directs the affected educational agencies to implement unified strategies for accomplishing the needed improvements.

(b) *Goals and objectives.* — In the pursuance of the above findings, the following goals and objectives are hereby adopted with respect to the invest-

ments which are necessary for higher education in West Virginia to contribute fully to the growth, development and quality of life of the state and its citizens:

(1) Students should be better prepared in high school to meet college standards jointly agreed upon by higher education and the public schools as required under subsection (c), section five (§ 18B-1-5(c)) of this article. Those standards should be conveyed to students prior to entering tenth grade;

(2) More students should obtain education that is both high quality and relevant, beyond the high school level for our individual and collective economic development.

(A) The awareness of post-secondary educational opportunities among the state's citizens should be expanded and their motivation to take advantage of available opportunities should be enhanced;

(B) Assistance in overcoming the financial barriers to post-secondary education should be provided;

(C) A student-friendly environment should be created within post-secondary education to encourage and expand participation for the increasingly diverse student population;

§ 18B-1-5. Board of trustees and board of directors under department of education and the arts.

(a) The board of trustees and the board of directors, created in articles two and three [§§ 18B-2-1 et seq. and 18B-3-1 et seq.] of this chapter, are under the jurisdiction of the department of education and the arts created in article one, chapter five-f [§ 5F-1-1 et seq.] of this code, and are subject to the supervision of the secretary of education and the arts. Rules adopted by the governing boards shall be subject to approval by the secretary of education and the arts. The budget submitted by each board pursuant to the provisions of section eight [§ 18B-1-8] of this article shall be subject to approval of the secretary of the department of education and the arts, all pursuant to the provisions of article two, chapter five-f [§ 5F-2-1] of this code.

(b) The secretary of education and the arts is responsible for the coordination of policies and purposes of the state university system and the state college system and shall provide for and facilitate sufficient interaction between the governing boards, and between the governing boards and the state board of education, to assure appropriate mission and program coordination and cooperation among: (1) The state university system; (2) the state college system, exclusive of the community colleges; (3) the community

colleges, including free-standing community colleges, and community college components; and (4) the vocational-technical centers in the state, recognizing the inherent differences in the missions and capabilities of these four categories of institutions. The governing boards and the state board of education shall provide any and all information requested by the secretary of education and the arts and legislators in a timely manner.

(c) The secretary of education and the arts, the chancellors of the board of trustees and the board of directors and the state superintendent of schools shall develop standards and suggest implementation methods for a standardized test to be used to predict post-secondary educational success such as the test offered by the American college testing program. § 18B-1-5a. Pilot program of delivering educational services via distance learning.

(a) The intent of the Legislature in enacting this section is to create the framework for establishing an educational delivery system to address findings that:

(1) The strength of the economy of the state of West Virginia is directly affected by the percentage of the available work force possessing college degrees and/or an advanced vocational-technical education from which an employer may draw;

(2) Real and perceived barriers within West Virginia and its systems of higher education, such as the cost of a college education, the availability of appropriate course work at locations and times convenient for students with families and/or jobs, and inadequate preparation for college-level work, have created road blocks for West Virginians in achieving their educational goals and, in turn, have limited the economic opportunities available to them and the state of West Virginia; and

(3) Because of the state's history of a low college-going rate and a low percentage of state residents who hold college degrees, meeting the current and future work force needs of West Virginia will require attention to the needs of working-age adults for upgrading their skills, continuing their educations, preparing for new careers and other lifelong learning pursuits, in addition to attending to the educational needs of traditional college age students.

(b) Such a delivery system should employ the best available technology and qualified instructors to provide courses of instruction to students at remote locations by means of electronic transmission and computer assisted instruction. The delivery system should make maximum use of the currently existing resources, facilities, equipment and personnel in the state's systems of public

and higher education and other educational and administrative agencies and should be low-tuition, commuter-oriented, open door admissions, serving adults of all ages. The courses of instruction offered through such a system should be relevant to the needs of the target population as expressed in the major findings listed in subsection (a) of this section and should meet the several goals of helping students to prepare for college level work, to increase their likelihood of securing gainful employment given their other relevant life circumstances, to obtain higher education core curriculum course work that is universally accepted at all state institutions of higher education that is earned and to minimize the amount of additional course work they will be required to take at less convenient times and locations to achieve their educational goals. The delivery system should also include adequate student support services such as student advising, career counseling, library access and immediate interaction with peers and instructors.

(c) The secretary of education and the arts is responsible for establishing a three-year pilot program consisting of no more than eight sites within the state for the delivery of educational programs consistent with the goals established in this section. To assist in the development of this program, the secretary shall appoint an advisory committee comprised of persons from public education, higher education, the West Virginia distance learning coordinating council, the Legislature and the business community. In consultation with the advisory committee, the secretary shall contract with the appropriate governing board or other body to offer courses or programs of various levels and types to meet the objectives of this section. The contracts shall specify the pilot sites for offering the educational programs, the various technologies for program delivery, the types of courses to be offered, the course instructors for program coordinators and their training, the fees to be charged, the institutions in the state willing to enroll the student participants, the collection of tuition and fees, a method for accounting for the funds collected and expended and other issues relevant to program administration. There is hereby established in the state treasury a special revolving fund within the account of the secretary of education and the arts into which appropriations, course fees, charitable contributions and other moneys received by the secretary for the purposes of the program shall be paid for expenditures in the operation of the pilot program. During each year of the pilot program, the secretary shall report to the governor and the Legislature on the progress of the program, whether it should be continued or discontinued, and, if continued, any recommended modifications in program scope and mission and any action which is necessary on behalf of the governor or the Legislature to improve the success of the program. At the end of the pilot program, the secretary shall make a final report to the governor and the Legislature as to whether the findings set forth in this section are being addressed through such an educational delivery system and shall recommend whether it should become permanent. If the secretary recommends that the delivery system should become permanent, the administrator, instructional development and objectives, technology, student support services and other relevant policy issues. (1993, c. 47.)

§ 18B-1-6. Rule making.

The university of West Virginia board of trustees and the board of directors of the state college system are hereby empowered to promulgate, adopt, amend or repeal rules, subject to the approval of the secretary of education and the arts, in accordance with the provisions of article three-a [§ 29A-3A-1 et seq.], chapter twenty-nine-a of this code, as they may deem necessary and convenient to ensure the full implementation of their powers and duties. Each governing board shall file a copy of any rule it proposes to promulgate, adopt, amend or repeal under the authority of this article with the legislative oversight commission on education accountability created in said article three-a, chapter twenty-nine-a of this code.

Nothing in this section shall be construed to apply to any rule promulgated or adopted by a state institution of higher education. (1989, c. 64.)

§ 18B-1-7. Supervision by governing boards; delegation to president.

On and after the first day of July, one thousand nine hundred eighty-nine, the governing boards shall determine, control, supervise and manage all of the policies and affairs of the state institutions of higher education under their jurisdiction and shall exercise and perform all such powers, duties and authorities respecting those institutions as were previously exercised and performed by the West Virginia board of regents.

The governing boards have the general determination, control, supervision and management of the financial, business and educational policies and affairs of all state institutions of higher education under their jurisdiction. The board of trustees and the board of directors shall seek the approval of the West Virginia Legislature before either governing board takes action that would result in the creation or closing of a state institution of higher education. Except as otherwise provided by law, each board's responsibilities shall include, but shall not be limited to, the making of studies and recommendations respecting higher education in West Virginia; allocating among the state institutions of higher education under their jurisdiction specific functions and responsibilities; submitting budget requests for such institutions; and equitably allocating available state appropriated funds between the boards and among such institutions in accordance with the resource allocation model and policies required by section two [§ 18B-5-2], article five of this chapter.

Each board shall delegate, as far as is lawful, efficient and fiscally responsible and within prescribed standards and limitations, such part of its power and control over financial, educational and administrative affairs of each state institution of higher education to the president or other administrative head of those institutions. This shall not be interpreted to include the classification of employees, lawful appeals made by students in accordance with board policy, lawful appeals made by faculty or staff or final review of new or established academic or other programs. (1989, c. 64; 1993, c. 47.)

§ 18B-1-8. Powers and duties of governing boards generally.

(a) Each governing board shall separately have the power and duty to:

- (1) Determine, control, supervise and manage the financial, business and educational policies and affairs of the state institutions of higher education under its jurisdiction;

- (2) Prepare a master plan for the state institutions of higher education under its jurisdiction, setting forth the goals, missions, degree offerings, resource requirements, physical plant needs, state personnel needs, enrollment levels and other planning determinates and projections necessary in such a plan to assure that the needs of the state for a quality system of higher education are addressed: Provided, That the master plan for post-secondary vocational education is subject to approval by the joint commission for vocational-technical-occupational education. The plan shall also address the roles and missions of private post-secondary education providers in the state. Each board shall involve the executive and legislative branches of state government and the general public in the development of all segments of the plan for post-secondary education in the state. The plan shall be established for periods of not less than five nor more than ten years and shall be periodically revised as necessary, including the addition or deletion of degree programs as, in the discretion of the boards, may be necessary. Whenever a state institution of higher education desires to establish a new degree program, such program proposal shall not be implemented until the same is filed with both governing boards. Upon objection thereto within sixty days by either governing board, such program proposal shall be filed with the secretary of education and the arts, who shall approve or disapprove such proposal within one year of the filing of said program proposal;

- (3) Prescribe and allocate among the state institutions of higher education under its jurisdiction, in accordance with its master plan, specific functions and responsibilities to meet the higher education needs of the state and to avoid unnecessary duplication;

- (4) Consult with the executive branch and the Legislature in the establishment of funding parameters, priorities and goals;

- (5) Establish guidelines for and direct the preparation of budget requests for each of the state institutions of higher education under its jurisdiction, such requests to relate directly to missions, goals and projections in its state master plan;

- (6) Consider, revise and submit to the appropriate agencies of the executive and legislative branches of state government separate budget requests on behalf of the state institutions of higher education under its jurisdiction or a single budget for the state institutions of higher education under its jurisdiction: Provided, That when a single budget is submitted, that budget shall be accompanied by a tentative schedule of proposed allocations of funds to the separate state institutions of higher education under its jurisdiction;

- (7) Prepare and submit to the speaker of the House of Delegates and the president of the Senate, no later than the first day of each regular session of

the Legislature and to any member of the Legislature upon request, an analysis of the budget request submitted under subdivision (6) of this subsection. The analysis shall summarize all amounts and sources of funds outside of the general revenue fund anticipated to be received by each state institution of higher education under its jurisdiction and the effect of such funds on the budget request.

(8) Prepare and submit to the legislative auditor, no later than the first day of July of each year, the approved operating budgets of each state institution of higher education under its jurisdiction for the fiscal year beginning on that date and, no later than the first day of August, a summary of federal and other external funds received at each such institution during the previous fiscal year.

(9) Establish a system of information and data management that can be effectively utilized in the development and management of higher education policy, mission and goals.

(10) Review, at least every five years, all academic programs offered at the state institutions of higher education under its jurisdiction. The review shall address the viability, adequacy and necessity of the programs in relation to its master plan and the educational and work force needs of the state. As a part of such review, each governing board shall require each of its institutions to conduct periodic studies of its graduates and their employers to determine placement patterns and the effectiveness of the educational experience. Where appropriate, these studies should make use of the studies required of many academic disciplines by their accrediting bodies. The governing boards shall also ensure that the sequence and availability of academic programs and courses is such that students have the maximum opportunity to complete programs in the time frame normally associated with program completion, that the needs of nontraditional college age students are appropriately addressed, and that core course work completed at any state institution of higher education is transferable to another state institution of higher education for credit with the grade earned. Notwithstanding any other provision of this code to the contrary, after the effective date of this section the appropriate governing board shall have the exclusive authority to approve the teacher education programs offered in the institutions under their control. In order to permit graduates of teacher education programs to receive a degree from a nationally accredited program and in order to prevent expensive duplication of program accreditation, the boards may select and utilize one nationally recognized teacher education program accreditation standard as the appropriate standard for program evaluation.

(11) Utilize faculty, students and classified staff in institutional level planning and decision making when those groups are affected.

(12) Administer a uniform system of personnel classification and compensation for all employees other than faculty and policy level administrators.

(13) Establish a uniform system for the hearing of employee grievances and appeals therefrom, so that aggrieved parties may be assured of timely and objective review.

(14) Solicit and utilize or expend voluntary support, including financial contributions and support services, for the state institutions of higher education;

(15) Appoint a president or other administrative head for each institution of higher education from candidates submitted by the search and screening committees of the institutional boards of advisors pursuant to section one [§ 18B-6-1], article six of this chapter.

(16) Conduct written performance evaluations of each institution's president in every fourth year of employment as president, recognizing unique characteristics of the institution and utilizing institutional personnel, institutional boards of advisors, staff of the appropriate governing board and persons knowledgeable in higher education matters who are not otherwise employed by a governing board.

(17) Submit to the joint committee on government and finance, no later than the first day of December of each year, an annual report of the performance of the system of higher education under its jurisdiction during the previous fiscal year as compared to stated goals in its master plan and budget appropriations for that fiscal year; and

(18) The governing boards shall have the power and authority to enter into contracts or consortium agreements with the public schools, private schools or private industry to provide technical, vocational, college preparatory, remedial and customized training courses at locations either on campuses of public institutions of higher education or at off-campus locations in such institutions' regional educational service areas. To accomplish this goal, the boards are permitted to share resources among the various groups in the community. The governing boards shall promulgate uniform legislative rules providing for entering into said contracts and consortium agreements and for determining and granting credit for work experience for courses offered by the consortium.

(b) The power, herein given to each governing board to prescribe and allocate among the state institutions of higher education under its jurisdiction specific functions and responsibilities to meet the higher educational needs of the state and avoid unnecessary duplication, shall not be restricted by any provision of law assigning specified functions and responsibilities to designated state institutions of higher education, and such power shall supersede any such provision of law. Provided, That each governing board may delegate, with prescribed standards and limitations, such part of its power and control over the business affairs of a particular state institution of higher education to the president or other administrative head of such state institution of higher education in any case where it deems such delegation necessary and prudent in order to enable such institution to function in a proper and expeditious manner. Provided, however, That such delegation shall not be interpreted to include classification of employees, lawful appeals made by students in accordance with the appropriate governing board's policy, lawful appeals made by faculty or staff or final review of new or established academic or other programs. Any such delegation of power and control may be rescinded by the appropriate governing board at any time, in whole or in part.

(c) The governing boards shall promulgate uniform legislative rules by the first day of September, one thousand nine hundred ninety-three, setting forth

standards for acceptance of advanced placement credit for their respective institutions. Individual departments at institutions of higher education may, upon approval of the institutional faculty senate, require higher scores on the advanced placement test than scores designated by the appropriate governing board when the credit is to be used toward meeting a requirement of the core curriculum for a major in that department.

(d) Each governing board and/or an individual appointed by the president of each institution shall consult, cooperate and work with the state treasurer and the state auditor to develop an efficient and cost-effective system for the financial management and expenditure of special revenue and appropriated state funds for higher education that ensures that properly submitted requests for payment be paid on or before due date, but in any event, within fifteen days of receipt in the state auditor's office. The system shall be established and implemented as soon as practical and the governing boards shall report to the legislative oversight commission on education accountability prior to the first day of January, one thousand nine hundred ninety-four, regarding the efficacy of the system.

(e) The governing boards in consultation with the secretary of the department of administration shall develop a plan and report such plan to the legislative oversight commission on education accountability by the first day of December, one thousand nine hundred ninety-five. Such plan shall establish a consistent method of conducting personnel transactions including, but not limited to, hiring, dismissal, promotions and transfers at all institutions under their jurisdiction. Each such personnel transaction shall be accompanied by the appropriate standardized system or forms which will be submitted to the respective governing boards, and the department of finance and administration. Such plan shall be developed with a contemplated target implementation date of the first day of July, one thousand nine hundred ninety-six.

(f) Notwithstanding any other provision of this code to the contrary, the governing boards and the secretary of education and the arts shall have the authority to transfer funds from any account specifically appropriated for their use to any corresponding line item in a general revenue account at any agency or institution under their jurisdiction as long as such transferred funds are used for the purposes appropriated. The governing boards also shall have the authority to transfer funds from appropriated special revenue accounts for capital improvements under their jurisdiction to special revenue accounts at agencies or institutions under their jurisdiction as long as such transferred funds are used for the purposes appropriated.

(g) Notwithstanding any other provision of this code to the contrary, the governing boards or senior administrator may acquire such legal services as are deemed necessary, including representation of the governing boards, their institutions, employees and officers before any court or administrative body. Such counsel may be employed either on a salaried basis or on a reasonable fee basis. In addition, the governing boards or senior administrator may, but are not required to, call upon the attorney general for legal assistance and representation as provided by law. Upon approval of the rule by the legislative oversight commission on education accountability, and the effective date of the rule, the provisions of subsection (c) of this section are null and void. The legislative rules shall provide the legislative oversight commission on education accountability with full and accurate information while minimizing the institutional burden of recordkeeping and reporting. The legislative rules shall include uniform definitions for the various indicators of student and institutional performance, and guidelines for the collection and reporting of data and the preparation, printing and distribution of report cards under this section.
